THE BROTHERS OF PI LAMBDA PHI

Proudly Dedicate

THE 1969 PEARL TO . . .

Dr. Daniel Billen

Dr. Billen is now serving Florida Delta chapter of Pi Lambda for the second year as our faculty advisor. A graduate of Cornell University, he was a brother in the New York Delta Chapter.

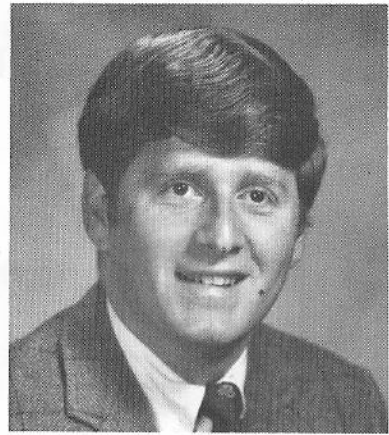

Dr. Billen is a professor of biochemistry and renowned nuclear biologist whose articles appear internationally. He is a widely traveled lecturer known in both America and abroad for his work in biochemistry.

The brothers of Pi Lambda Phi appreciate the efforts on the part of Dr. Billen in helping our fraternity in every way that he is able. For the example he shows in his devotion to the fraternity, — we proudly dedicate this, the fourteenth annual edition of the PEARL, to Dr. Daniel Billen.

Letter From the Rex

"inculcates the
word respect"

Dear Readers,

The Phi Lambda Phi Fraternity presents to you the fourteenth annual edition of the PEARL. On the following pages, you will acquire some insight into the fraternity story. I hope that perhaps any mystical conception which you may have of fraternities will be made more real and likeable. Pi Lambda Phi represents human emotions directed at the completion of worthwhile ideals. My four years in college have been geared to the improvement and synthesization of these ideals.

Our fraternity functions in an authentic world. The jollity and sorrow, aspirations and fears, certainties and apprehensions which we experience in our fraternity story, you will, to some degree, experience for the remainder of your life.

Each picture and caption in the PEARL represents a phase of our lives. Athletics, scholarship, service and social each play an important role in our college careers. But friendship and respect for fellow man can not be categorized, even though they play an even more important part of our existence.

These distinct events add up in the end to our fraternity story. It's a story of collegiate excellence at a time when anger and hate overshadow good; Pi Lambda Phi benefits all those who adhere to its intentions. Our fraternity represents the complete spectrum of campus life. Each of us have learned to live with and respect the wishes of our fratres.

The Pi Lambda Phi story depicts academic, moral and fraternal excellence. It is a story which inculcates the word respect . . . respect for other human beings and respect for yourself.

Four years at the University has given me the tools to face life; four years in Pi Lambda Phi has shown me that the love and dedication is "not just for four years, but for a lifetime."

The PEARL tells a worthy story, a proud story, and I have been proud and honored to be a part of it.

Fraternally,

Allen Michael Soden
Rex

OUR HOUSEMOTHER

Mom and Allen at a banquet

Mrs. Dulce Dock

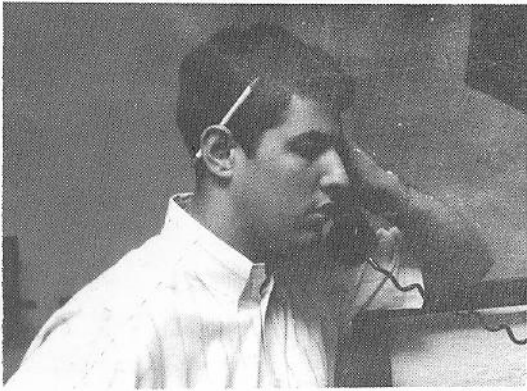

This year, we were happy to welcome Mrs. Dock to the Pi Lam house as our new housemother. A freshman housemother, as she calls herself, Mom Dock has truly captured the hearts of the Florida Pi Lams.

Originally from Birmingham, Mom Dock lived in Jacksonville, Tampa and Miami before coming to Gainesville. Helping in the kitchen, cheering at the intramural games, sewing on a button for that last minute date, or just being someone to talk to, Mom is a pleasure to have around. Serving as hostess during Parent's Weekend or Alumni Weekend, she greets everyone with a friendly smile, and like to brag about "her" boys.

Thanks, Mom, for the interest that you have shown for each of us individually, and for your interest in our house.

Mom Dock talks to her boys

LETTER FROM THE EDITOR

Dear Readers,

Fraternity and Fraternalism are probably two of the hardest words in the English language to define because they mean so many different things to so many different groups of people. Until they come into contact with the modern fraternities through their sons, most parents will picture fraternities as groups of boys who have beer parties every night and swallow goldfish whole. Even from fraternity house to fraternity house, the definitions of these words are not the same.

To the men of Pi Lambda Phi Fraternity, these words have a very clear and definite meaning. Fraternalism is more than just a word — it is a way of living. It is the closeness of friendship that we share with one another; the good feeling that we get by going out into the community together to perform a service project, the good times that we have at a party, or the enjoyment of a late night bull session. But in actuality, these are almost superficial: to know fraternalism it must be lived with us.

This comradere did not just accidentally happen to the men of Pi Lam. We have a strength in the precedents of those who have been here before us. Pi Lambda was founded at the University of Florida in 1925 by the late E. Max Goldstein under the name of Phi Beta Delta. It was his idea to establish a fraternity in which initiative, open-mindedness, foresight, and a progressive attitude would be the basic attributes, and we still hold to these same ideas.

This book should prove interesting to alumni, actives, and rushees alike. It will remind the alumni of when they used to be on campus, and shared the experiences we now share. To the actives, this will serve as a yearbook, recording their fraternity experiences throughout the year. To those who will be rushing this fraternity, it will give an insight of what life with Pi Lambda Phi is really like.

As editor of the PEARL, I can only say that I hope you enjoy it as much as I enjoyed putting it together, and I hope that you will be able to see through the pictures what I can not put in words.

Fraternally yours,

Russell L. Klepper

Russell L. Klepper
Editor

PI LAMBDA PHI'S NOBEL PRIZE WINNER

Dr. Marshall Warren Nirenberg

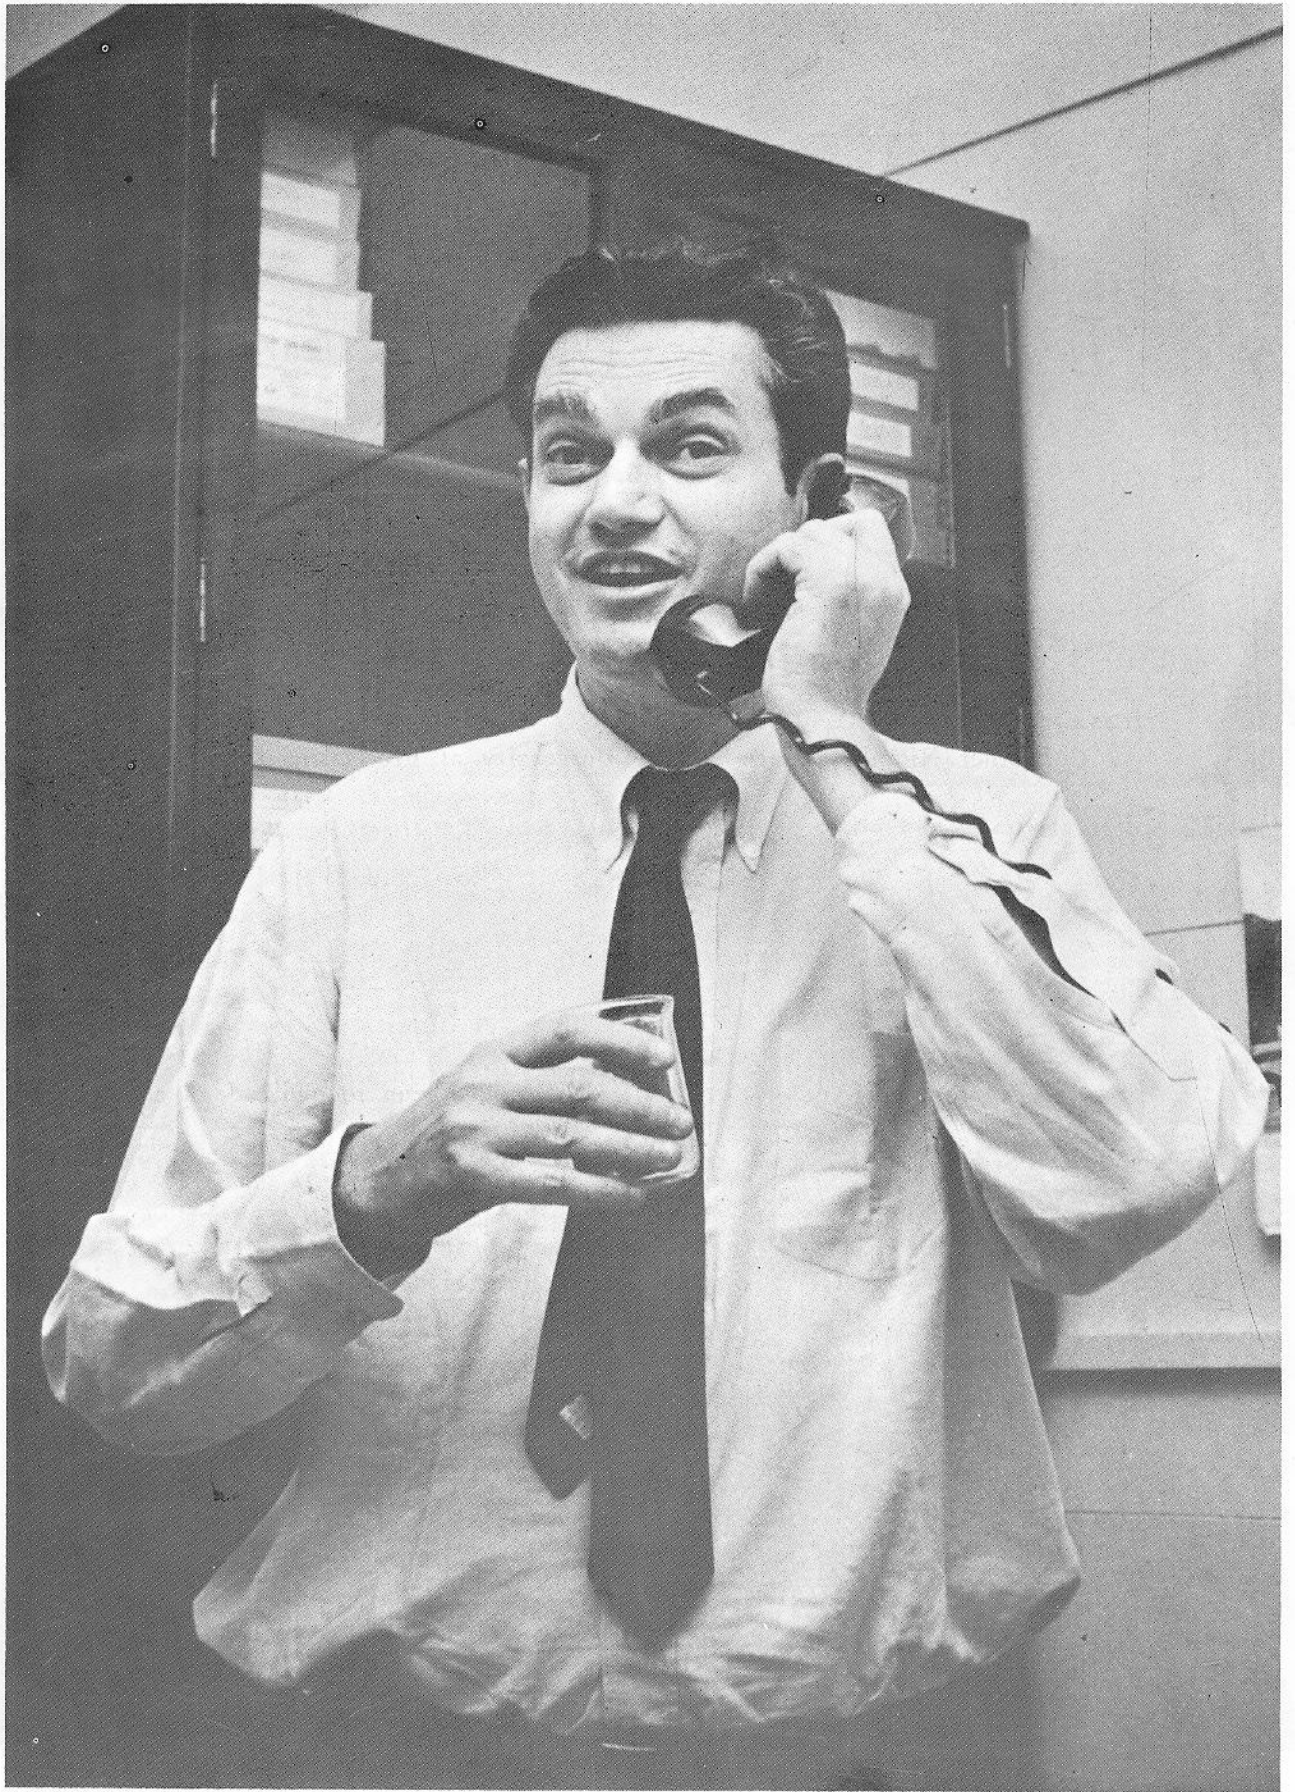

In the history of Florida Delta chapter, we have never had an honor such as the one bestowed upon us this year when Dr. Marshall W. Nirenberg was awarded the 1968 Nobel Prize for physiology and medicine. He was awarded the coveted prize jointly with two other American scientists for their ingenious discovery of the method by which the genes transmit and translate the message of heredity.

Brother Nirenberg came to the University of Florida in 1945 and graduated with a B. S. in Zoology and Chemistry in 1948. In 1950, he returned to the University of Florida to receive a M. S. in Zoology in 1952. In 1957, he received a Ph. D. from the Department of Biological Chemistry at the University of Michigan.

Since 1957, he has been working for the National Institute of Health in Bethesda, Maryland. When he first started his work in genetics in 1961, he was a research biochemist in the Section of Metabolic Enzymes. Now he is Chief of the Laboratory of Biochemical Genetics.

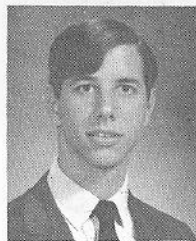

As a result of his work, Dr. Nirenberg has been recognized as a member of eleven different societies, including the National Academy of Science and the American Academy of Arts and Sciences. He has also been honored with numerous awards other than his Nobel Prize, including four doctorate degrees and six special awards from colleges and universities, and an award from the Department of Health, Education, and Welfare.

It is with great pride that we, the men of Pi Lambda Phi, congratulate Brother Dr. Marshall Nirenberg on the honors that he has brought upon himself, our fraternity, and our nation.

The Scholarship trophy holds a prominent position in the Pi Lam trophy case

PI LAM MEANS SUCCESS IN SCHOLARSHIP

This year, the most respected and sought after prize that the University of Florida offers its fraternities, the Scholarship Trophy, is in the Pi Lam trophy case. As a matter of fact, it has been there 39 out of the past 43 years, and there is not much of a chance of it going anywhere else in the next 43 years. This is because the men of Pi Lambda Phi are men with a brilliant future, and they start their successes right now.

Pi Lams rate in every aspect of campus life, but when it comes to excelling in the field of scholarship, Pi Lams have no equal. Specifically, it's brothers like Harold Cypress (4.0), Cliff Schulman (4.0), Jim Schram (4.0), Alan Kan (3.6), Allen Levi (3.5), Jeff Scurran (3.5), Gary Kantzler (3.4), and Jeff Fenster (3.3) who set the standards for a standard setting house. Marty Davis did outstanding work over the summer quarter, earning himself a 3.7.

Right on their heels are brothers Rod Max, Mike Lehrner, Avery Weiss, Vic Richards, Irwin Adler, Steve Klausner, Brad Raffle, Ron Rothman, Steve Bergsman, Mark Rosenblum, Pat Tydor, and Ken Weiss, who consistently register above the highly respected 3.0 mark. The newly initiated brothers followed superbly the example set by the brothers during their rough first quarter at the University. New brothers Randy Coverman (4.0), Mike Rosin (3.8), Bill Kaufman (3.8), Mark Shamis (3.5), Steve Rokeach (3.3), and Joe London (3.1) deserve special mention.

A great deal of congratulations goes to Gary Kantzler and Mickey Rokeach on their acceptance to the University of Miami Medical School. Jim Schram capped a brilliant career at the University by being accepted to Harvard Graduate School. Brothers Jim Hauser, Russ Blank, and Mike Segal are now attending the University of Florida Law School, and Ken Berdick and Jim Mandell are both seniors in the University of Florida Med School. Brother Jeff Blum now attends the Emory School of Dentistry and Mike Coverman attends the University of Miami Med School.

Brothers Ray Kaplan and Jim Schram both are owners of the coveted Phi Beta Kappa keys. Brothers Ray Kaplan, Jim Mandell, Jim Schram, Gary Kantzler, Mike Lehrner, and Maurice Joseph are all members of Phi Eta Sigma freshman honorary. They were joined this year by freshman Randy Coverman, Bill Kaufman, and Mike Rosin, who were tapped into the elite group.

Pi Lams are well represented in the honoraries on campus. Brothers Irwin Adler, Ken Weiss, Avery Weiss, Gary Kantzler, Vic Richards, and Mike Lack are all members of Alpha Epsilon Delta International pre-med honorary. Steve Klausner and Cliff Schulman are both members of Kappa Tau Alpha, the journalism honorary. Harold Cypress is a member of both Sigma Tau Engineering Honorary and Pi Mu Epsilon Math Honorary. Gerry Burton is a member of Alpha Kappa Delta, the sociology honorary.

Thus, the proud heritage of scholarship lives on in the men of Pi Lambda Phi, as we continually prove that the TOP JUST ISN'T HIGH ENOUGH.

PI LAM ATHLETICS

The 1969 season has proved typical for Pi Lam. Bad breaks have hindered fine play by the Lammies; nevertheless, the Pi Lams are presently holding fourth place in the standings in the strong sixteen Orange League.

The season started off slow with swimming. Tankers Mark Dorn and Cliff Dropkin were plauded for their outstanding efforts. The Pi Lam Volleyball team, headed by all-campus "Mingo" Teper, won three out of four and finished second in their bracket. Al Levi and Mike Laurenzi were also recognized for excellent play.

Football was the next sport. Pi Lams, a long time power in the sport, fielded one of their best teams ever. Led by quarterback Herb Appel, the Lammies beat Beta Theta Pi for the bracket championship, but bad luck turned the tide and the Lammies were defeated by SAE in the semi-finals. Fine performances were turned in by Jim Schram, "Wonda" Bergsman, Lee Steele, Al "Mad Stork" Levi, and all campus selections Ron Gottlieb, Nick Nicosia, and Tony Dobies.

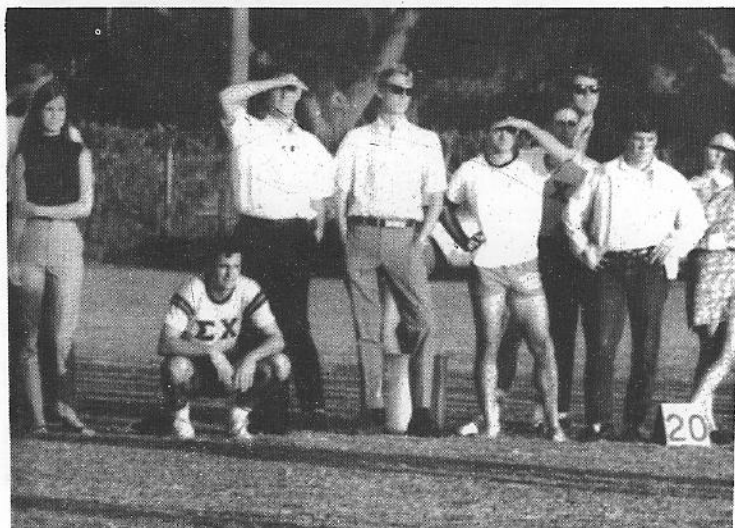

After football came bowling. Pi Lams, finalists the year before, rolled their way into the semi-finals before succumbing to defeat. High games were rolled by Mike Segal, an all campus performer, Dan Herman, Mark Yeager, Stan Kaplan, and "Gordo" Gordon.

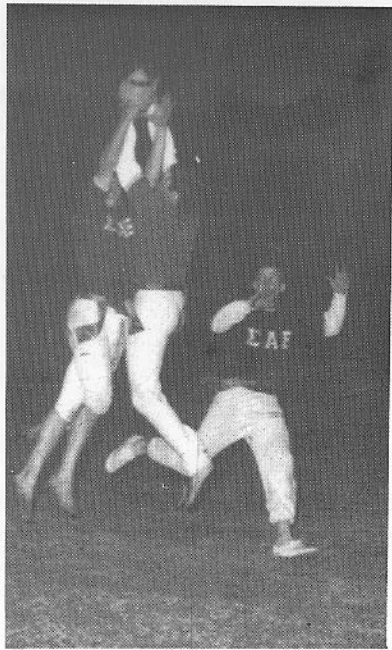

In basketball, first class play by Brad Raffle, Tom Bell, and Barry Meyerson drew praise despite opening losses to perennial powerhouse such as Sigma Nu.

The strong Pi Lam handball team went all the way to the finals before being defeated in a close match. Standouts Allen Soden, Ken Berdick, and Irwin Adler tuned in fine performances. An early defeat eliminated us from golf competition, but fine play from Alan Kan, Randy Baron, and Steve Zimmerman did not go unnoticed.

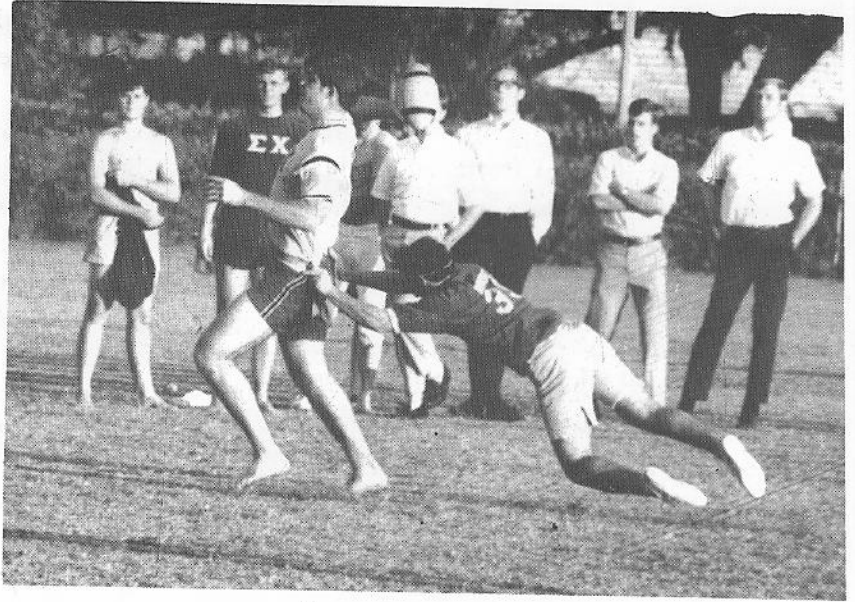

The tennis team is loaded with talent such as Danny Herman, Jim Schram, Ken Garber, and Ron Stevens, and could prove to be the number one team on campus. The last sports are traditionally strong for Pi Lam. The Track team, headed by speedsters Steve Bergsman and Rich Rivenbark, should place very high in the league. The baseball team, led by Rod Max, Herb Appel, and Les Forster should again prove to be one of the best in the league.

So it seems that this year, as in the past, Pi Lambda Phi will again show its excellence in the field of athletics.

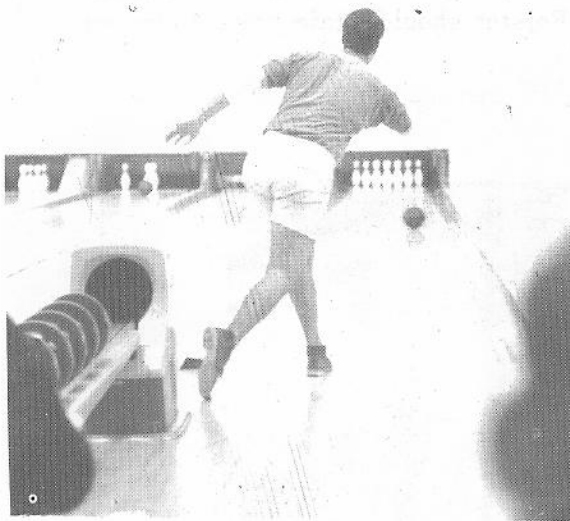

No matter what the ref said, Steele pulled this one in for a T D

Pi Lam Social Moments

When you think of fraternities, you think of parties. Saturday night at the Pi Lam house turned out to be quite an unforgettable experience over the year. The band parties were full to capacity as groups such as the Kords, We the People, The Certain Amount, The Outlaws, The Opposite Sexes, Ron and the Starfires, and the Nation Rocking Shadows took over the bandstand. Whether soul, hard rock, blues, or psychedelic, the Pi Lams had the best in contemporary music.

For a change of pace, we headed out to the country for an old-fashioned farm party, complete with bonfire and hayride. Our Homecoming theme was the "Wild, Wild West" and we filled the living room waist deep in hay. Needless to say, it was a unique experience.

Fun around the fireplace.

Hiding in the hay

Decorating for Homecoming

Even at dinner? So that's why they call him "Wonder".

It's hard to think of fraternities without sororities. The men of Pi Lambda Phi were honored to entertain the sisters of AEPi, DPhiE, AOPi, KAT, ZTA, and several other houses for a round of socials and mixers.

College encompasses a total education. Social accomplishment in a constructive environment can be just as valuable as academic studies in developing a versatile personality. There's no better way to learn to get along with others than at a social gathering. Besides, who needs an excuse for a party?

Pi Lams . . . The Men Who Lead

Pi Lam is not just an isolated body of fun-loving young men with no direction. The men of Pi Lam have consistently been active in the affairs of campus leadership. Every Brother of Pi Lam that has accomplished a job better than the rest reflects his success in every member of the house. The men mentioned below are just a few of these individuals that wear many different hats in their many roles.

The highest honor that any man on campus can receive is membership in Florida Blue Key, the nationally recognized leadership honorary. Anyone who wears the key must have compiled a long list of substantial leadership achievement in diversified areas. At the present time, Brothers Jim Hauser, Mike Segal, Bob Mandell, and Jon Wershow all are members of the distinguished society. Jim Hauser is the past president of the Intrafraternity Council and at the time of his graduation from undergraduate school, he was awarded the school "Most Distinguished Graduate Award". Mike Segal served as Technical Director of Homecoming among his other jobs on campus, and Jon Wershow was executive producer of the "Second 100" T. V. series.

Brother Bob Mandell must be one of the busiest men on campus. He served as Honor Court Clerk, one of the top five elected positions on campus, during his junior year, and was one of the organizers of the victorious United Party during that year. This year he served on the President's cabinet as Secretary of Health and Insurance. He also served on the Presidential Action Conference Committee, the Presidential Committee on Student Conduct, and on the Presidential Committee on Traffic and Transportation.

The list of Pi Lams working in the Student Government Office on the third floor in the Student Union is almost endless. Brother Avery Weiss serves as Secretary of Traffic and Parking, and was an executive assistant to the Vice President. Brothers David McGriff, Cliff Dropkin, and Steve Bergsman all hold Undersecretary of Academic Affairs positions. Bruce Levine serves as Undersecretary of Student Production, Allen Levi serves as Undersecretary of Finance, and Mark Press serves as Undersecretary of Student Activities. Brother Tony Dobies has served as Honor Court Baliff.

The list of Pi Lams who serve in responsible positions in student government is just beginning. Marty Davis has served as Treasurer of the Young Republicans on campus. Rod Max has served on the University Homecoming Committee, and Randy Baron holds down a chairmanship on the Dialogue Program.

The Interfraternity Council, which brings together all the fraternities on the campus, has as many Pi Lams helping to head its activities. Brother Jim Hauser is past president of the IFC, while Joe Baron is past secretary of the IFC and served on the Academic Affairs Committee as Chairman. Brothers Jeff Fenster and Brad Raffle have both served on the Service Committee, Brother Cliff Schulman has served on the Academic Affairs Committee, Brother Jeff Scurran has served on the Social Committee, and Brothers Barry Silber, Steve Rokeach, and Bruce Swiren all are presently serving on the IFC Rush Committee.

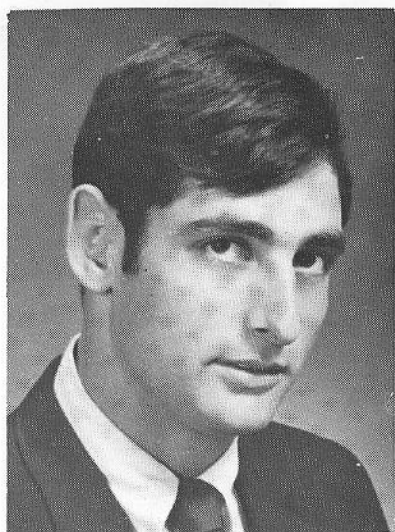

Keeping the campus informed on all aspects of the sports scene is the Sports Editor of the Florida Alligator, Brother Marc Dunn. Brothers Allen Soden, Cliff Schulman, and Steve Bergsman have all served on the Alligator staff, helping to keep the University community informed.

Militarily, the Pi Lams are also in leadership positions as members of the ROTC Brigade. Helping to keep the country safe from its enemies are Brothers Allen Soden, Cliff Schulman, Jon Wershow, Steve Klausner, and Scott Kimball.

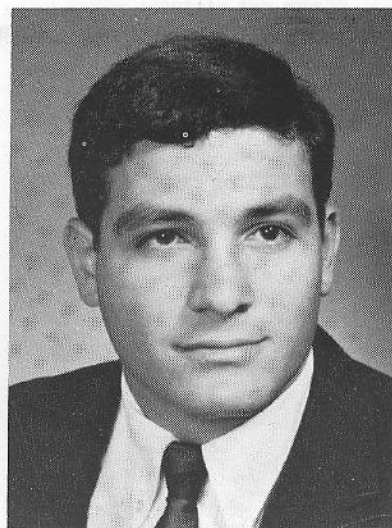

The nationally renowned Accent Symposium also has Pi Lams at the wheels to keep things moving. Brother Alan Kan has served as Technical Director and Brother Jeff Fenster has served as Publicity Director of the Symposium. Brother Rodney Max has also served on the Accent Committee.

Pi Lams presently have two brothers serving in the Student Senate, Allen Soden and Nick Nicosia. During last years elections. Brother Cliff Schulman served as the party whip for the victorious United Party. Brother Schulman has also served on the executive council of the Dollars for Scholars Drive, a year round drive for scholarships for needy students. David McGriff has served as the head of the Student Government Book Sale held every year on campus, Ron Stevens served as an Administrative Assistant in Project Samson.

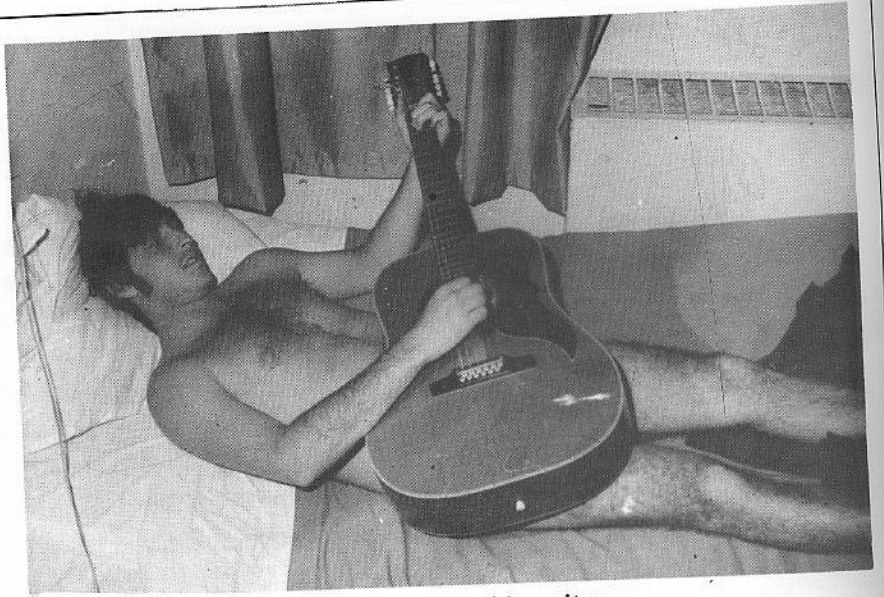

Thus, Pi Lam is not just an isolated group of men. Pi Lams are at the head of all student organizations, proving conclusively that PI LAMS ARE THE MEN WHO LEAD.

PLEDGES CONTINUE TRADITION

Pledging Pi Lam is both a unique and challenging experience. The pledge period is a time of learning. It is learning to work with a group as a group and learning to understand the differences in people, which is perhaps the most important thing a person can learn while he is in college.

The pledge period is also a time of trial. It is a trial for the fraternity, for it must show each pledge what it has to offer, and why he should become a Greek. The pledge is also on trial, for this is the time when the brothers of a fraternity will watch a person to determine if this is the type of person who they would be proud to call a fraternity brother.

This year's pledge class soon learned that Pi Lambda Phi was more than just attending work parties, or having hell sessions, or shining a brother's shoes, or suffering the effects of the paddle. They learned how their differences could dissolve so that they could become involved in the social interaction of meeting and getting to know people. They learned to work together, for they realized that the future success of Pi Lambda Phi depended upon each and every one of them.

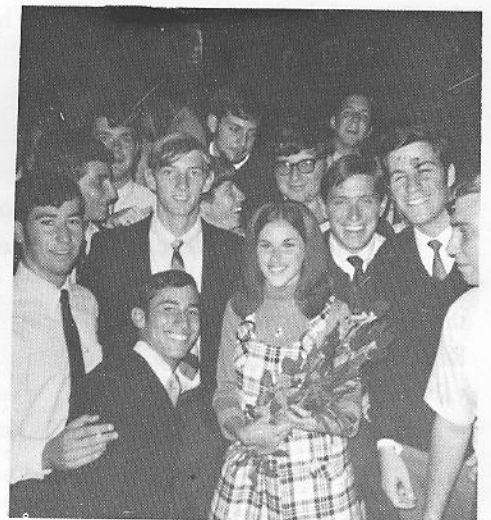

This year's 1968 Pledge Class had its share of members taking an active part of the activities on campus, such as The Interfraternity Council's Rush Committee and Social committee, Phi Eta Sigma, the freshman honorary, the varsity football team, the student tutoring society, the Accent program, the living area councils, and the intellectual society, Mensa.

The pledges also had plenty of good times this past year. Working closely with their pledgemaster, Rodney Max, they pulled many late night raids and pranks on the brothers; including the giant kidnapping and the missing toilet seats and faucet handles. As a pledge class, they also sold more ads than any other pledge class in the history of the house.

The pledges have truly been a valuable asset to the strength of Pi Lambda Phi this year. As brothers they will continue to prove themselves ready to shoulder their responsibilities accompanying the Pearl Pin.

THE PLEDGE CLASS OF '68

PLEDGE CLASS SWEETHEART
Marcia Cypen and admirers.

PI LAM WINS THIRD

In the "Nose Bowl", the annual classic which supposedly determines which house has pulled the better pledge class, the Pi Lambda Phi Pledge Class of '68 emerged victorious over the TEP pledge class by a score of 25-19. This marked Pi Lam's third consecutive victory, and gave the Pi Lams a 9-6 edge in the series between the two houses.

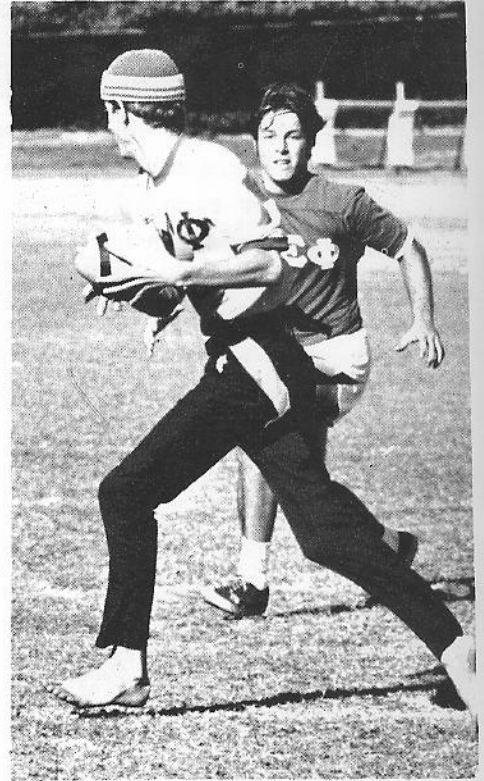

The Pi Lam pledges, led on defense by Neal Lubow, Barry Silber, Bob Hoffman, and Rich Rivenbark, and on offense by Charley Stampelos, Bob Shack, Phil Borgia, Bob Wachholder, Steve Rokeach, Shelly Stevens, and Barry Meyerson, underwent six weeks of training in anticipation of the big game. By the time the game rolled around, coaches Nick Nicosia, Ron Gottlieb, Allen Levi, and the amazing Tony Dobies had molded the pledges into smoothly working units.

The Pi Lams took an early lead on a fleaflicker play from Stampelos to Meyerson to Shack, who took it in from the left side for the score. They followed the TD by converting for the important extra point. TEP came back to score to make the game 7-6. A quarterback sneak by Stampelos gave the Lammies a 13-6 advantage as the half ended.

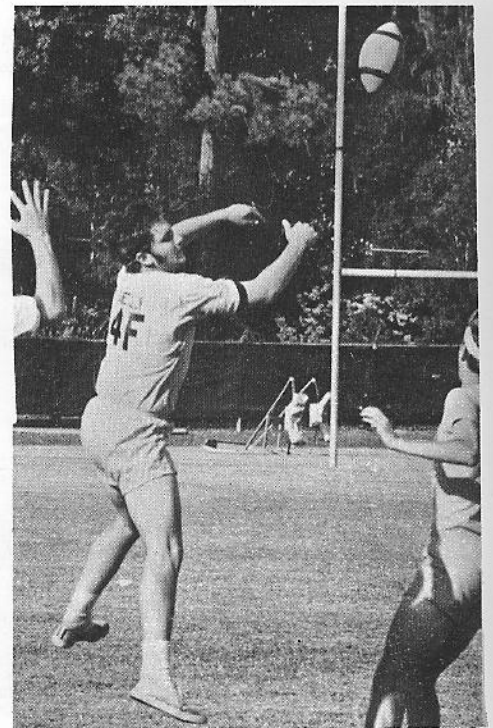

The TEP pledges scored early in the second half and added the extra point to tie the score at 13-13. The ball changed hands several times with no scoring until TEP scored with less than four minutes to play. The Pi Lams started to drive after the TEP kickoff, but a TEP defender knocked the ball out of Steve Rokeach's hands on a crucial third down, forcing the Pi Lams to punt. It looked like the game would end with TEP in possession, but alert play by the Pi Lam defense returned the ball to the Pi Lams with less than two minutes to play.

Pi Lam quarterback Charley Stampelos remained calm under the pressure as he steadily moved the team downfield. With less than a minute to play, a scoring strike to Phil Borgia in the end zone tied the score.

The game entered sudden death overtime, and neither team was able to move the ball on its first set of downs. On the first play of TEP's second set of downs, linebacker Rich Rivenbark picked off a pass and glided untouched for 45 yards into the TEP end zone for the score, winning the game for the Pi Lambda Phi Pledge Class of '68.

Wachholder grabs one on the run.

Silber goes up for an interception.

VICTORY IS OURS!

ALLEN MICHAEL SODEN—
OUTSTANDING SENIOR BROTHER
1968 - 1969

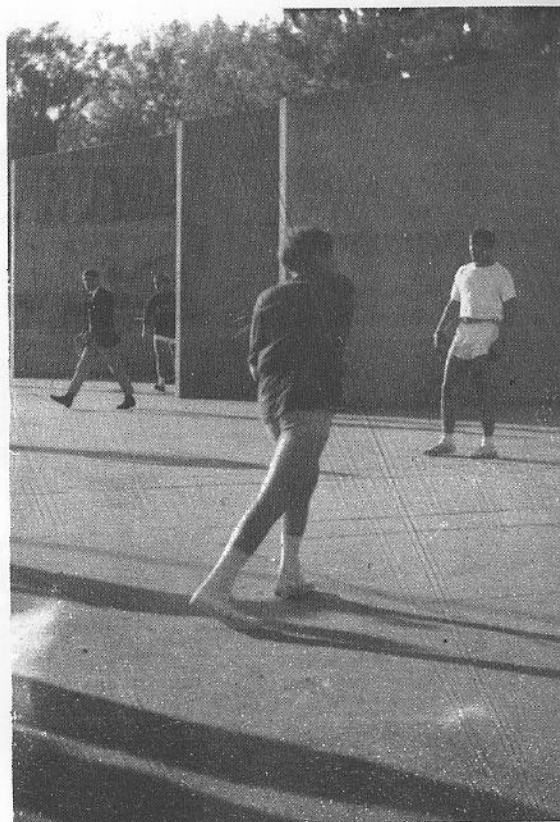

For the past four years, Allen has made himself an integral part of this fraternity. He has twice been editor of the Pearl, has held the office of Pledgemaster, and served this year as Rex. Playing handball for the house for the past four years is just another of the long list of contributions that Allen has made to the house. As Rex, it is his contagious spirit and enthusiasm that set the mood of the fraternity. For this and more, we are proud to present our Outstanding Senior Brother Award for 1968 - 1969 to Brother Allen Michael Soden.

Allen and Judy at a Champagne party.

If looks could kill

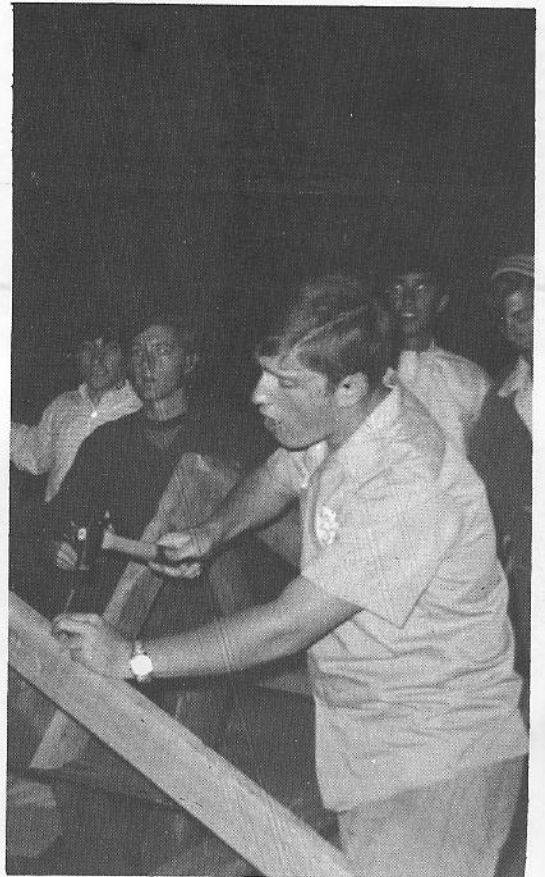

Captain Soden of the Handball Squad

BEST SENIOR ATHLETE
Brother Nick Nicosia

This year, our new pledge class was one of the best ever. Out of that pledge class, Brother Barry "Boston" Sedlick has been selected as the Outstanding Freshman for 1968 - 1969. Barry, with his readiness to work and his dazzling quick wit, has established himself as an extremely responsible person, and one who will be an attribute to the fraternity for several years. Congratulations, Barry!

Ever since Nick arrived at the Pi Lam house with the Pledge Class of '65, he has been one of the most outstanding athletes we have ever had. Playing intramural football, Nick has been named to the All-Campus team for the past three years. Nick also plays centerfield for the varsity baseball team, and last year was on the ALL-SEC first team, and would have won the SEC Batting title had he not suffered a shoulder injury that benched him for a month, making him ineligible because of too few at-bats. It is no wonder that the Outstanding Senior Athlete Award for 1968 - 1969 goes to Brother Nick Nicosia.

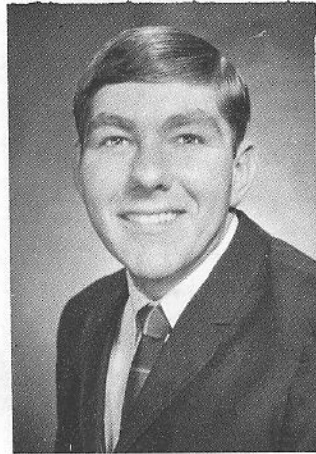

BEST FRESHMAN

Parent's Weekend

Again this year, we took a weekend to host our parents to visit our house in Gainesville, Florida. The idea was to try to show our parents as well as we could in their short visit to our house what fraternity and fraternity living are really like. An open house was held so that they could see the self-styled rooms that each of us live in.

We also tried to let our parents meet each other, as we held a version of our "Casino Night" in which the parents were given play money with which to try their luck at the tables, with the winning of prizes as the main objective. We also gave a banquet at which the parents were introduced to the officers, some awards were presented, we heard an interesting speaker, Dr. Jack Faricy of the School of Business. Almost surely our parents left with a better understanding of what a fraternity like Pi Lambda Pi means to their sons.

Parents and alumni enjoy indentifying friends on the old composites.

Alumnus and Mrs. Fernando Storch

Alumnus Sen. Bob Shevin of Miami talks with friends.

WE THANK OUR ALUMNI

Alumni enjoy after game dinner

This year we were especially proud to host the alumni to our annual "Alumni Weekend" to try to repay them for all they have done for us. Thanksgiving weekend, alumni from all around the state and nation revisited the house that they had once lived in, and were our guests for the annual Florida - Miami football game.

We were particularly proud as the alumni entered our living room and our Alumni room, both with new furniture and air conditioning which the alumni have made a reality for our house. Special mention goes to Alumnus Paul Marks, one of the best brothers and friends that this chapter has ever had, and to the Greater Miami Alumni Association for the special help and inspiration they have been to us.

We would also like to thank Alumnus Bernie Datz of Gainesville, who has done so much for the house, and Alumni Mike Resnick, Fernando Storch, and Ken Berdick, all of whom are doing doctorate work at the University and played for the house handball team, in addition to providing help and advice to the house whenever they were able.

Finally, to all alumni of Florida Delta Chapter, we extend a big, big thanks for leaving the tradition and reputation that accompanies being a Pi Lam at the University of Florida.

Enjoying the composites in the Alumni room

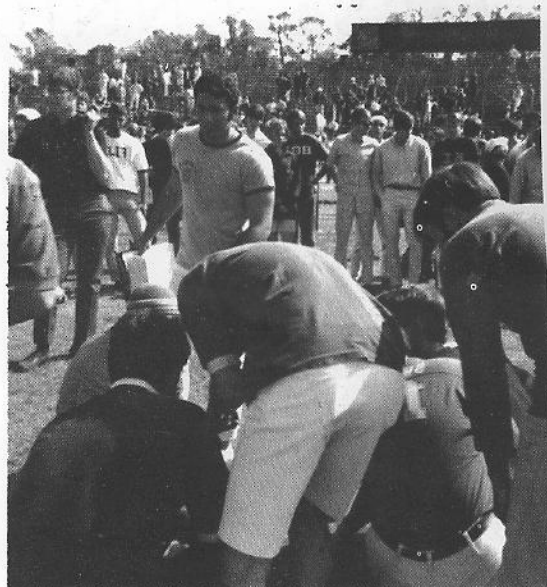

GANG"

D Phi E's with their prize-winning turtle . . .

Cliff runs the show

This year Pi Lambda Phi created another service project by holding our "First Annual Turtle Race". This project, under the leadership of chairmen Brad Raffle and Cliff Dropkin, was well received across campus, and even many Gainesville merchants entered the race. The race was held on the University track field. Some 57 entries left the starting gate in fine form. The fastest sorority was Delta Phi Epsilon, followed by Sigma Kappa. The fastest fraternity turtles were those entered by Sigma Nu, which took first place, and Alpha Tau Omega, which came in second. In the organizational division, the first finisher was entered by WDVH Radio and the second finisher was entered by Northwest Broward Hall. In the special awards category, Phi Delta Theta Fraternity had the ugliest turtle, and the turtle belonging to Alpha Epsilon Phi Sorority won an award for running in the straightest line with the least speed.

Thanks to the success of the Turtle Race, we were able to donate over \$500 to the Gator Loan Fund, formerly the Dollars for Scholars Fund. The turtles were furnished through the cooperation of Doctors Pritchard and Cake of the University Zoology and Biology Department.

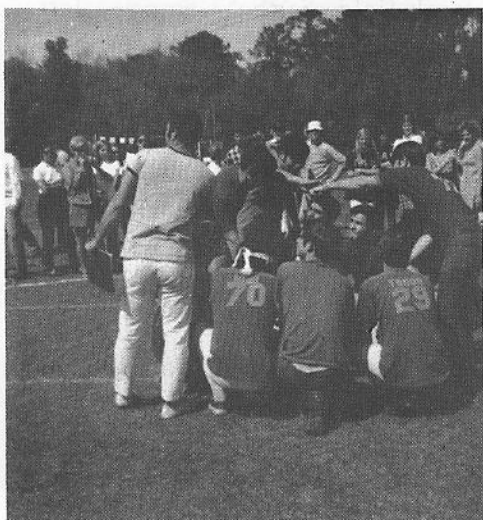

FIRST ANNUAL TURTLE RACE

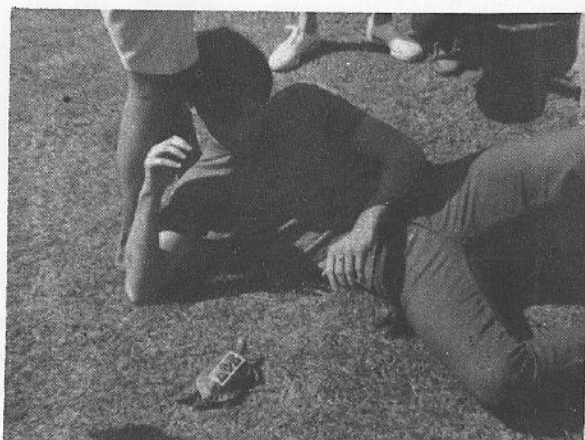

Readying the turtle for the start

Vic gets them ready to run

Getting things organized?

The Creed of Pi Lambda Phi

“That all men are created free and equal.

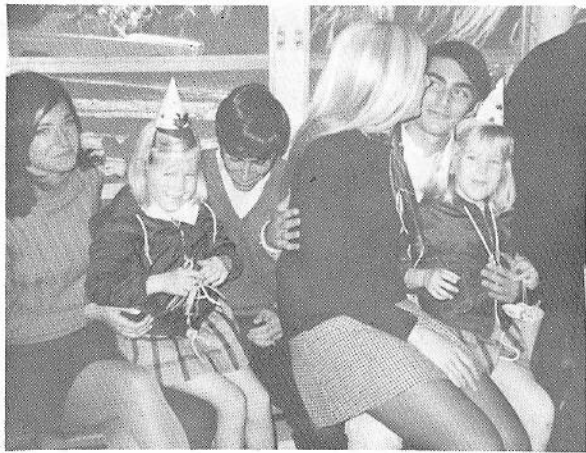

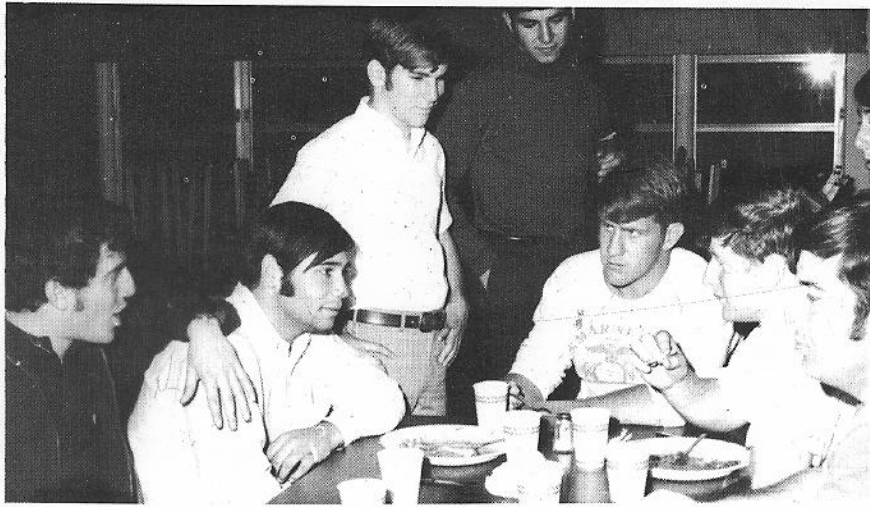

That no society of men can flourish unless members of that society are endowed with the opportunities and privileges of freedom.

That freedom implies the elimination of prejudice — that the elimination of prejudice means a better understanding twixt men.

That it is incumbent upon me to fight for such freedom even with my life.

That it is incumbent upon me in my personal life to be devoted to the highest standards of honesty and justice.

That because my country is dedicated to the highest standards of freedom and justice for all men of all creeds, I hereby pledge allegiance to my country, and to its national symbol.”

BROTHER MINE FOREVER

Brother mine forever,
We are bound together
By a bond that stronger grows
As the years roll by,
Mystic words unspoken
Holy vows unbroken
Hold us faithful to the tie
Of Pi Lambda Phi.

When the days are dreary,
When the hearts grow weary
Tho the dark clouds of despair
May hide the sky.
I shall ne'er be friendless
For our love is endless,
Even death can't break the tie
Of Pi Lambda Phi.

HAIL ALL HAIL

Hail all hail to Pi Lambda Phi
A strong fraternity.
We'll show our emotion
With our love and devotion
And our comraderee.

So hail all hail
To Pi Lambda Phi,
With voices ringing clear.
May she ever reign
With her glorious name
And we will always hold her dear.

PURPLE AND GOLD

Hail to the Purple and the Gold.
Long may her colors wave,
The emblem of Pi Lambda Phi,
A symbol of her brave.

Mighty in loyalty are we,
No other love so true.
We stand with might,
For all that's right.
Hail, Pi Lambda Phi,
Hail, Pi Lambda Phi,
Hail, Pi Lambda Phi, to you.

JOLLY LADDIES

For we are jolly laddies, jolly laddies we,
And firm united is our comraderee.
So let us all join in to make the welkin ring,
While to Pi Lambda Phi we sing.

So let us join in folly chorus,
While our youth is still before us.
Let us ever joyous be.

Pi Lambda Phi inscribed in every loyal heart,
Fraternal friendship till in death we all do part.
So let us all join in to make the welkin ring,
While to Pi Lambda Phi we sing.

**PI LAMBDA PHI IS MORE THAN JUST A
FRATERNITY . . . IT'S A WAY OF LIFE!**
