# Letter From The Editor

*“The Pearl reflects a  
panorama of interests”*

Dear Readers,

The sixteenth annual PEARL represents the firmly established, progressive and panoramic brotherhood which published it. This year's PEARL tries to capture the many sides of our fraternity life in words, pictures and in a hidden spirit.

Basically, however, this magazine serves a triple purpose — each one being as important as the other two.

First, it is a spectrum of captured moments for the Pi Lambda Phi brotherhood. Given out during “Pearl Weekend”, it is partially designed to capture lost moments of fraternalism. Alumni will use this to revisit their cherished past in the same way they would smile through their high school scrapbook..But the nostalgia that the PEARL hits them with will somehow have a deeper meaning.

Secondly, the magazine serves as a rush booklet. Handed out during rush, the rushee will be able to learn about the many sides of Pi Lam—from the brotherhood, to the house itself. Through simple words and quality pictures we hope that the newcomer can visualize the same good times, rituals and other fraternity assets which enchanted previous individuals towards the house at 15 Fraternity Row.

The last reason for the PEARL is financial. Pi Lam is financially the most solidly established fraternity at the University of Florida. One reason for our soundness is because of the ads placed in the magazine by parents, businessmen, friends and alumni. Proceeds not only pay for the PEARL, but they allow us to make annual major additions to the house (i.e. carpets and paneling).

The PEARL is one of the largest and best prepared of all UF fraternal magazines. While editing the PEARL I came across the many aspects of a unique fraternity, insurmountable by any other. I hope that I can share this view with you.

Fraternally yours,

Jay D. Gartman

*We Proudly Dedicate*

*The 1971 Pearl to:*

**ALLEN LEVI**

**&**

**The New Pledge Policy**

*Allen Levi graduated in December 1970, and when he left he had accumulated almost all the awards Pi Lambda Phi could have bestowed upon him. Receiving "Outstanding Senior Brother" and "Best Senior Athlete" is quite an accomplishment, but Allen did just that.*

*Now we, the staff of the PEARL, wish to honor him once more by dedicating this year's annual to him.*

*In a sense, however, we are honoring an idea established by Allen - Pi Lam's new pledge policy. The policy is a new concept in pledging, appropriately entitled "Pledges are People." Briefly, it is a no-hazing pledge policy, which has made Pi Lam's brand of fraternalism more relevant. And, as a direct result, we are growing steadily while other fraternities are dying.*

*The following is the full text of that pledge policy.*

Pi Lambda Phi is ready to progress along with the times. In view of the serious nature of the world today, we have found through our summer rush that the incoming freshmen this year are more mature than those of even last year. Hence, we feel that liberal changes are the only possible recourse to this situation.

In making these changes, Pi Lam considered why a bright young freshman (or sophomore, or junior) who has met the entrance requirements of the University of Florida should be expected to enjoy a role in which his fraternal status is second class.

Therefore we have taken the following steps to insure that our future pledges receive a fraternity education, not a fraternity training.

1. There shall be NO SUBSERVIENT ACTIVITIES! That includes no physical or mental hazing.
2. Pledge tasks and pledge work sessions shall be replaced by chapter work sessions involving both brothers and pledges.
3. Pledges may attend a major portion of all chapter meetings.
4. Pledges are included in chapter committees and will be represented on the executive council through a member of their own class.
5. Pledges are in no way subservient to brothers and discipline of pledges is handled within the same framework of laws and policies which govern all members.

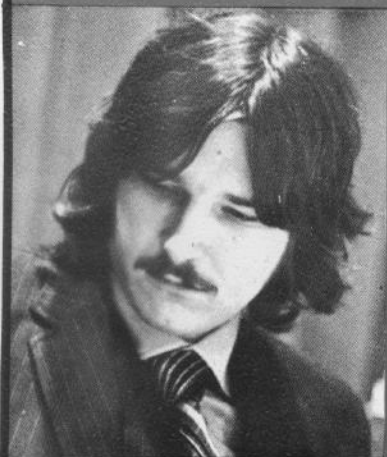

Pi Lam believes that this concept of fraternity education will appeal to students who are interested in the fraternity experience but who are unwilling to subject themselves to the lengthy, immature, and time-consuming activities which traditionally characterized fraternity pledgship.

Pi Lambda Phi is meeting the challenge of a rapidly changing society and is emphasizing that pledges are people. In making your final decision, see which house will treat you as a person, not a pledge. Pi Lam is a house of people!

*An idea has pushed Pi Lam far ahead of the rest. So what could be more fitting than to honor that idea and the man who conceived it? And while the tributes are being paid, here is a salute to the open-minded brotherhood that listened and grasped this challenge.*

*To Allen Levi we extend our thanks.*

## LETTER FROM THE REX

College campuses are in a period of transition in the 70's, and fraternities should be no different. As the times and moods change so does Pi Lambda Phi. We're proud to say we're different.

Founded in 1895 at Yale University, Pi Lam was established to be a non-sectarian, non-discriminatory fraternity devoted to the concept that neither race, color nor creed should be a consideration for membership. Florida Delta Chapter of Pi Lam has never attempted to change this code, but we have attempted to change other aspects of fraternity life.

The days of hazing are gone in Pi Lam, Since last year, with the initiation of our new program, "Pledges Are People", the men of Pi Lam have moved progressively into this coming decade.

But some things haven't changed. Pi Lam still excels in the many aspects of fraternity life such as leadership, scholarship, service, athletics and social life. Most of all, Pi Lam still excels in the one thing that this select group of men revolve around - BROTHERHOOD. We are together.

Fraternaly yours,

# Pi Lambda Phi Salutes

## Brother Robert L. Shevin,

*Florida's Attorney General*

The PEARL takes pride in honoring Brother Robert L. Shevin, Attorney General for the State of Florida.

Shevin's list of good leadership is long. As a member of Florida Delta (1951-55) his credentials include Rex, member of Blue Key, Cabinet Secretary of the student government and Southern Collegiate Debate Champion.

He was president of the Student Bar Association while a law student at the University of Miami.

Brother Shevin was first elected to the Florida Legislature in 1964 and was voted the most outstanding first-term representative. In

1966 he was voted into the Upper House where he gathered numerous other awards from Florida's civic groups and newspapers due to his "Get Tough On Crime" stand, effective debating, and his handling of inter-governmental activities and "pursuit of good legislation".

Having been elected Attorney General in 1970 by the third highest percentage of votes cast in the general election, Robert Shevin has served Florida as a true statesman. He has led a bipartisan fight to register eligible voters, rid Florida of crime and fight for an effective educational and prison system.

For these reasons and many more, Pi Lam pauses to salute an alumnus who has served his society well.

## Paul Marks, The Rock of Pi Lam

It has been said that the present, and indeed the future depend on lessons and advice from the past. Pi Lambda Phi is no exception in that much of the success of the present is due to the sage advice of our alumni. Most prominent among them is Brother Paul H. Marks. When it comes to support for house improvement, rush, and alumni-active relations Brother Marks has been instrumental in Pi Lam's success.

Such devotion, above and beyond the call of duty has not gone unnoticed. Besides his prominence in his home city of Miami, Brother Marks has been the recipient of the coveted 'Big Pi' Award, holder of a Blue Key from the University of Florida, and was named in 1970 as an Outstanding National Alumnus by the National Executive Board of Pi Lambda Phi. His activities are by no means confined to just the fraternity. In Miami he is a renowned civic leader, and executive on the Orange Bowl Committee, and Chairman of the Board of Flagler Federal Savings and Loan of Miami.

As a civic leader, business leader, and devoted alumnus of Pi Lam, Brother Marks brings honor, not only to himself, but to all of the brothers of Florida Delta, whom he has so generously aided.

## Dr. Daniel Billen, Faculty Advisor

Pi Lam is truly privileged to have for the fourth consecutive year, the guidance of Dr. Daniel Billen, our faculty advisor.

His devotion and concern for the welfare of Florida Delta has earned him the respect and admiration of the brotherhood. His council and advice have seen the house through many difficult times. And our financial stableness is partly due to his efforts.

Dr. Billen is a graduate of Cornell University and was an active member of its Pi Lambda Phi chapter. An internationally known biochemist, Dr. Billen is an integral part of this chapter and a friend to all its members.

# Mrs. Dulce Dock, House Mother

*"Mom" Dock . . . a Woman's Touch*

In her third year as housemother to the men of Number 15 Fraternity Row, Mrs. Dulce Dock has continued to be a vital asset to Pi Lam. Her vivacity adds a much welcomed woman's touch to the all-male world of fraternity life.

Originally from Birmingham, Alabama, Mom has also resided in Tampa, Miami, and Jacksonville as well as her present home in Gainesville. Mom can be found cheering at the brothers' athletic events, greeting parents and visitors, or just lending a sympathetic ear to a troubled brother.

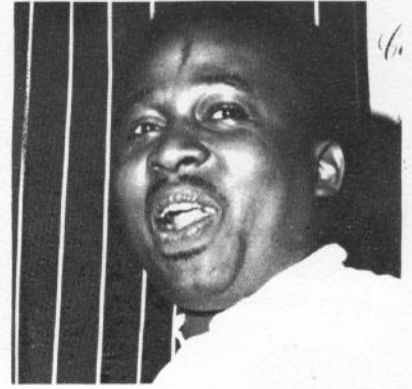

Mom Dock's charm and humor always make her a hit at Parents' Weekend as she puts forward the best image of Pi Lam, to each brother, Mom Dock is truly a second mother.

*Durant Scott*

*Louise Scott*

*LeRoy Tillman*

## Scotty, Louise, LeRoy

Always seen, always heard, but never appreciated enough are Pi Lam's friendly employees; Durant "Scotty" Scott, his wife Louise, and LeRoy Tillman.

Keeping the brothers well fed is the job of Scotty and Louise. Whether making cheese omlettes for Saturday brunch or steak dinners for big weekends, the brothers are assured of getting the very best.

Scotty is not just a cook, but a friend to the house as well. When not taking care of the ever-present desire for food, Scotty can be found challenging the brothers to a game of pool or rapping about sports. Louise, Scotty's wife, is in her first year with Pi Lam, returning the feminine hand to the kitchen.

LeRoy Tillman, putting in his 17th year with Pi Lam, is the man who keeps the house clean. Always wearing his friendly smile, LeRoy battles dust and dirty brothers in keeping the house in shape. LeRoy's spirit makes him a regular spectator of Pi Lam's annual Nose Bowl game, cheering the baby Lammies to victory.

Pi Lam is truly fortunate to have three such friendly and devoted people as a part of its Florida Chapter.

# SCHOLARSHIP

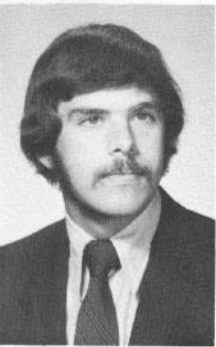

*Brothers stress academics as a basic part of fraternity life.*

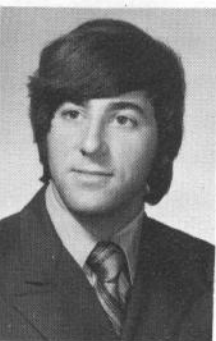

**Mike Rosin**

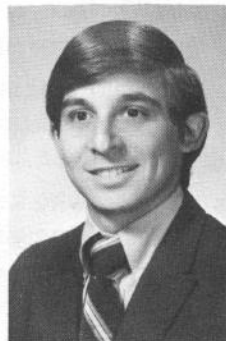

**Mark Shamis**

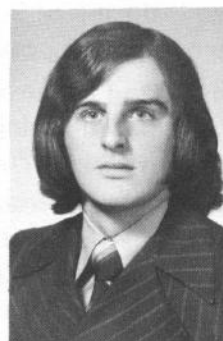

**Bill Kaufman**

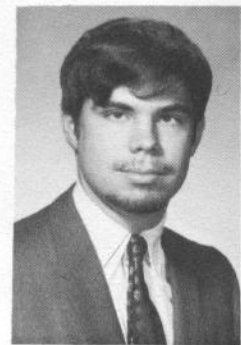

**Larry Lewis**

**Harvey Kornstein**

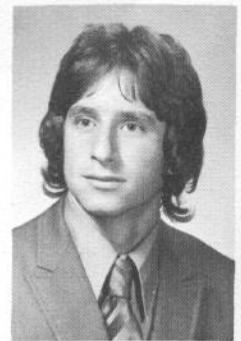

**Kirk Messer**

**Roger Wenner**

**Jim Stuzin**

**Evan Byer**

**Sandy Kaufman**

The Pi Lams feel that academic showings are as important to fraternity life as the social or athletic aspects.

When it comes to scholastic achievement, Pi Lams are out in front of everyone. The scholarship trophy, which is awarded to the fraternity whose brother's averages are the highest, has been won by the Pi Lams 41 times out of a possible 50 times offered!

Brothers registering high quarter averages include Mike Rosin, Mark Shamis, Bill Kaufman and Bob Hoffman (Bob Hoffman ?), all with the highest possible average of 4.0. Those four were placed on the President's Honor Roll and were closely followed by brothers Sandy Kaufman (3.8), Kirk Messer (3.8), Jay Gartman (3.7), Larry Lewis (3.7), Mark Darlow (3.6), Ron Blumstein (3.6), Carl Lida (3.6), and Charles Stampelos (3.6).

Brothers receiving at least a 3.0 include Steve Rokeach, Phil Borgia, Shelly Stevens, Mitch Heller, Randy Coverman, Barry Silber and Eddie Sager.

Doing an exceptional job of adjusting academically to university life were the recently-initiated brothers. Jim Stuzin and Roger Wenner obtained perfect 4.0s, along with Tom Rosenfield and Steve Messing, who were accepted to Phi Eta Sigma Freshman Honorary Society. Other freshmen brothers now eligible for this society by virtue of their high second-quarter grades were Evan Byer (3.8), Harvey Kornstein (3.8), Dennis Kay (3.6), Eddie Wacks (3.6) and Randy Fried (3.5). The following new brothers also received a 3.0 or above: Howard Farbish, Rick Spiegel, Scott Lyons, Gordon Brydger and Chuck Modell.

Thus, the tradition of academic achievement lives on in the men of Pi Lambda Phi as they continually prove that Pi Lam spells success in scholarship.

# PI Lam Means BROTHERHOOD

Brotherhood is a concept rarely encountered in most fraternities. Too often a fraternity turns into nothing more than a loose association of guys living under a common roof. And too often that same fraternity seems to fall apart from within. Yet, the concept of brotherhood, which other fraternities lack, has given Pi Lambda Phi tremendous strength and endurance over the years.

## SENSE OF FRIENDSHIP

From those first moments as a pledge, each neophyte becomes aware of the deep understanding and trust which only a Pi Lam brother truly comprehends. This sense of comradeship makes itself increasingly apparent as the years progress. As the freshmen line up to sign the lambskin, a simple cheer begins, expressing the solidarity of spirit and encouragement to the new Pi Lam blood.

"Go, go, go Pi Lam... - to claps-and whistles.

Months later the ring is still there. Only now, it is heard as the Baby Lammies play a foe in the annual Nose Bowl.

"Play your hearts out," the brothers say. "Win or lose, we're with you all the way."

Unity in effort is a true test of brotherhood and our brothers have passed with flying colors throughout the entire pledging schedule, which was designed to build men and true fraternalism.

## TEST OF A BROTHER

Time passes and initiation brings with it a test of courage and trust. Those that pass now realize their allegiance to their pledge brothers. It is the solidarity of mind and spirit and the beginning of true friendship and brotherhood.

Soon pledging is over and real fraternity living begins. The seeds of brotherhood, planted during those first few months, sprout and grown into the eternally lasting friendships of which our proud alumni are proof.

Our brotherhood has stood the test and shown itself to be what is truly meant by Pi Lam fraternalism. And one of our fraternity songs reflect our ideals when we say "not just for four years, but a lifetime."

Brother mine forever,  
We are bound together,  
By a bond that stronger grows,  
As the years go by.

*"Our brotherhood has stood the test . . ."*

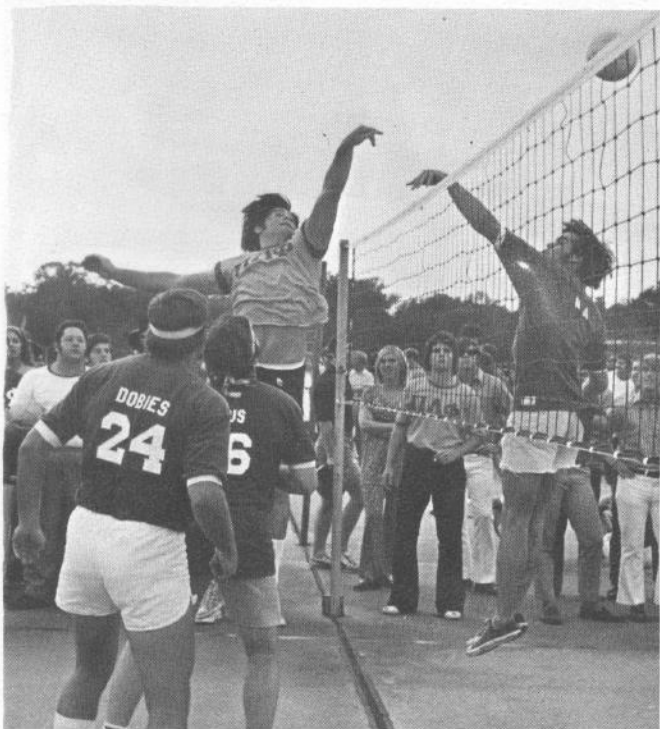

*Diverse individuals with a common bond - each other!*

*"Unity in effort . . ."*

# ATHLETICS

*Al Levi spikes one past the FIJ's while teammates, Dobies and Heller, and the Pi Lam cheering section look on.*

*Lammy swimmers pose after Intramural competition. On the diving board (L to R) are Bob Kan, John Sostheim and Rick Adelman. Second row (L to R) Tom Rosenfield and Bob Kaufman.*

This year as always Pi Lambda Phi fielded teams in every intramural event and always figured high in the standings.

Swimming started the year off at the Gator pool. Several of the Lammies to make the finals included John Sostheim, Wayne Paasch and Jay Galatty.

Next came Volleyball as the Pi Lams battled to the bracket championship game against overall winners Sigma Chi. Led by spikers Rick Goldberg and Ronny Bloomstein and set up men Al Levi and Charles Stampelos, they gave the Sigs their only defeat of the sport.

Football is traditionally the most competitive of all intramurals and the team won a berth in the finals only to be ousted on a technical protest. Quarterback Herb Appel fired touchdown passes to star ends Tony Dobies and Barry Meyerson. The defense was led by Al "Mad Dog" Levi, Bob Maland, Mitch Heller, Bobby Hoffman and Rick Goldberg.

Second quarter saw the Lammies start off with bowling. The team, usually a powerhouse, got off to a slow start and couldn't make it into the play-offs.

Basketball, was next as the Pi Lams drew the bracket of Sig Ep, AEPi, and SAE. Led by Rick Goldberg, Barry Silber, Blumstein and Bill Friedman, the Lammies gave an exciting and respectable showing. A special mention should be given to Coach Tobe.

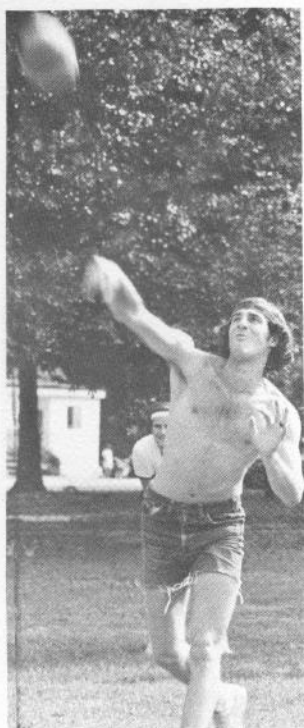

In Handball, the house was in strong contention until finalists, the TEP's, narrowly defeated us. Several standouts on the courts were Randy Coverman, John Sostheim and the teams of Steve Rokeach and Arnie Raymon, and Mitch Heller and Ron Blumstein.

Third quarter promises to be as competitive as ever, as some of Pi Lams strongest sports lie ahead. Tennis led by Louis Lippman and Charles Stampelos: Softball, track and golf will decide the standings for the year.

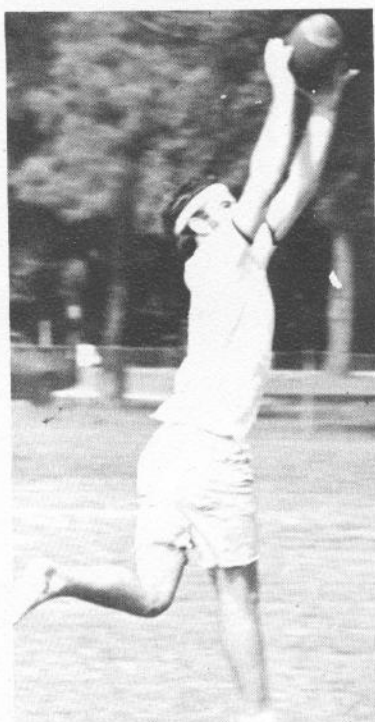

Sports do not comprise the sole activities of a Pi Lam. They are only one of the ingredients that goes into making a well rounded man.

# SOCIAL

## . . . or how many ways can you have a good time?

Wine, women and good bands highlighted Pi Lam's social calendar.

A well rounded social program including movies, band parties, sorority socials and various dated dinners were enjoyed by the brotherhood, thanks to social chairmen Stuart Suskin and Bob Levy.

"Celebration", "Riff" and "The Sound Circus" top the list of eight bands hired by Pi Lam for our band parties through the 1971 Spring quarter. Topping off this field will be "Power", hired to start off the last quarter.

Movie parties are always popular at the Pi Lam house and the top box office flicks represent this. "Cool Hand Luke", "Cat Ballou", and "Duck Soup" (with the Marx Brothers) headed up seven movie parties. Other favorites were "Harper", "Dracula", "Little Rascals" and various animal films.

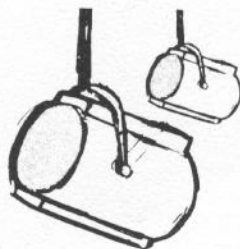

Not contented to have ordinary sorority socials, and the Lammies planned a wine and cheese social with the DPhiE's, a beer and pizza party with Alpha Epsilon Phi sorority, and the AChiO's and Zetas joined us for a keg tap and movies.

Other events included a big brother-little brother "free-for-all" at Shakey's Pizza Parlor, joint party with Phi Kappa Tau fraternity and, of course, the annual "Night in Starke."

Topped off with exchange dinners and our many dated dinners, Pi Lambda Phi's social program is considered one of the best and well rounded of all UF fraternities.

# Pledgeclass '70: *Hazing Is Out, 36 Get In*

To the ringing applause of an excited brotherhood, over fifty young men signed their names to the Lambskin, becoming the 1970 Pledge Class of Pi Lambda Phi.

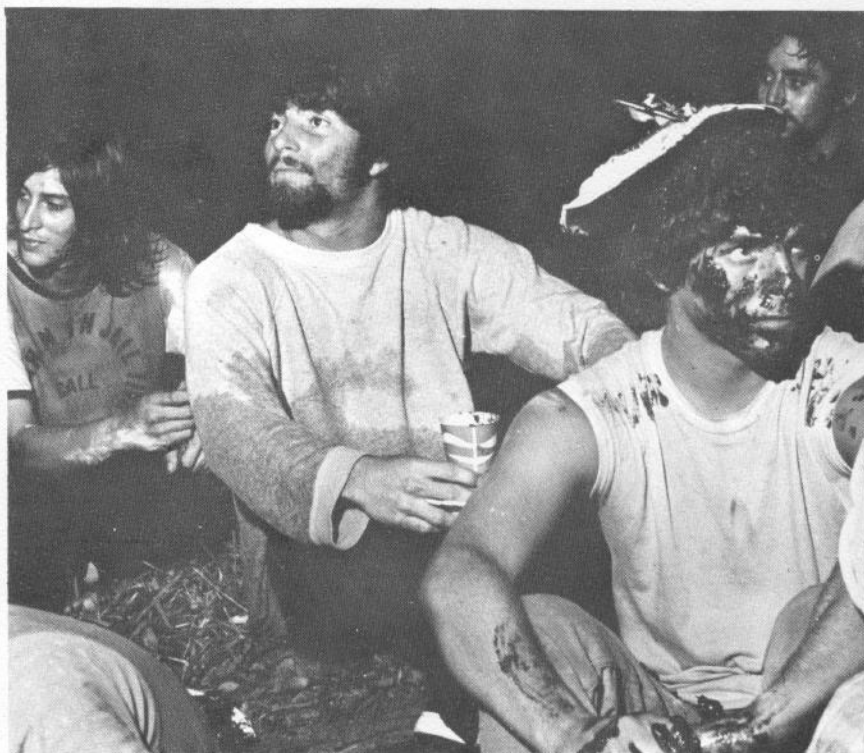

The largest pledge class in recent memory was immediately distinguished from previous pledge classes by a "Progressive Pledge" policy instituted by the forward thinking brothers. Nonetheless, the brothers-to-be upheld many time honored, Pi Lam traditions, Under the guidance of Pledgemaster Charles Stampelos, the pledges instructed the brothers in the proper storing of silverware, extended invitations to an AEPi "athletic" competition, and most importantly, defeated TEP in the Nose Bowl, 27-12.

On the more serious side, pledges Jimmy Stuzin and Roger Wenner scored perfect 4.0 averages in their first quarter at UF. Flip Schemer proved to be the campus top bowler while Louis Lippman starred in intramural basketball. In serving the house, David Tillis was appointed lawn manager and Mike Dorn assumed the responsibility as head-waiter. Howard Farbish and Bob Klausner were appointed co-chairmen for High School Weekend and Klausner

played for the house tennis team. Also, Marshall Platt is a member of the UF Debating team. As a united class, the pledges devoted their energies to such worthwhile projects as campaigning for Brother Bob Shevin in his successful bid for Attorney General of Florida; helping with a house Christmas Party for underprivileged children; and assisting brothers involved in campus environmental projects.

Pledge class officers were Farbish, president; Klausner, secretary; and John Smith, treasurer. The pledge class enjoyed the pleasure of installing Ellen Argintar as Pledge Class Sweetheart.

Following the rigors of Hell-Week and the fabled Missions Night, thirty-six members of the 1970 pledge class were bestowed the right of brotherhood and the honor of calling themselves members of Pi Lambda Phi.

# Fifth Straight Nose Bowl Won By Pi Lam's "Little Purple Gang"

*The 1970 Lammie Pledges retire our third trophy with a 27-12 Nose Bowl victory over the TEPS.*

Sharp passing and a muscle-tough defense gave the "Little Lammies" their fifth straight victory over the boys of Tau Epsilon Phi, by a 27-12 score.

Purple and Gold quarterback Norm McLeod completed four touchdown passes and hit on three extra points to pace the offense. Randy Fried caught two TD's and an extra point to lead the receiving corps, while Jim McPherson and Louis Lippman snagged one touchdown toss and an extra point each.

Other Pi Lam receivers, whose catches set up many of the touchdowns, were Richard Spiegel, Scott Lyons, Flip Schemer and Steve Sessler.

The "Doomsday Defense" (sorry Dallas) was led by the bearded inside line-backers Joe Mesler and Howie Farbish. Both intercepted one pass

along with Jake Cameron. Other starters on the defense were safeties Fried and McPherson, Jim Elterman at outside linebacker and Evan Byer at rushing position.

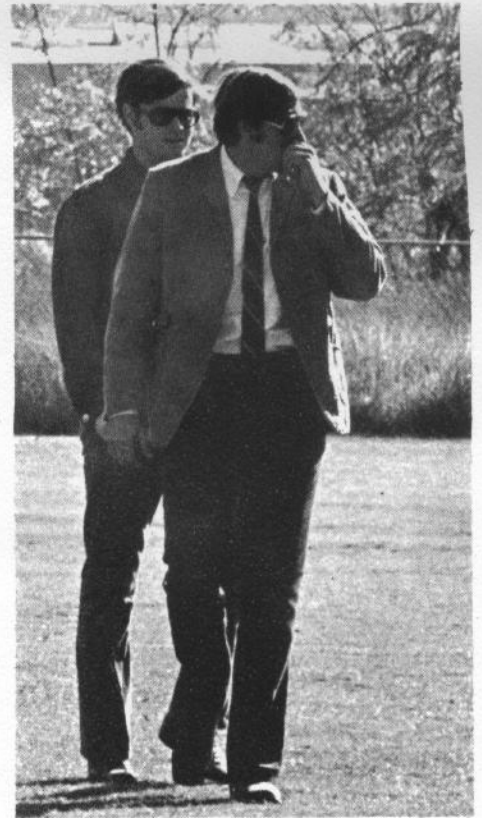

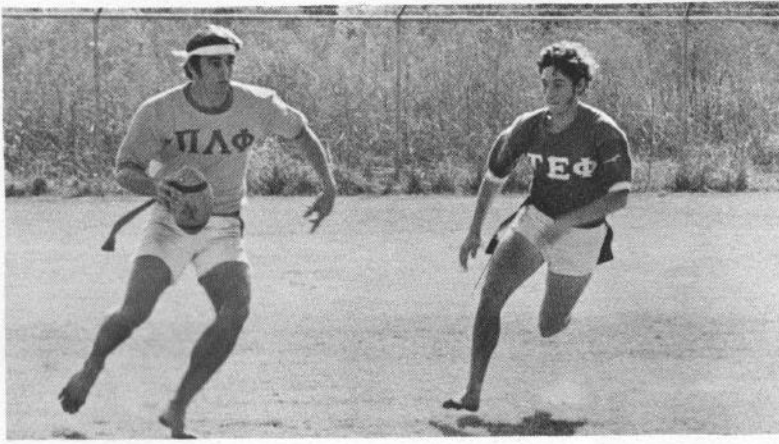

The little "Purple Gang", coached by Al Levi, Tony Dobies, Barry Myerson and Charles Stampelos, parlayed an interception by Cameron into a TD before the game was two minutes old. Fried caught that first touchdown to put Pi Lam ahead to stay.

The Lammies' 7-6 halftime lead was quickly extended when Fried and McPherson grabbed TD tosses in the second half. The game was put on ice when McLeod, under a triple rush, hit Lippman streaking across the end zone.

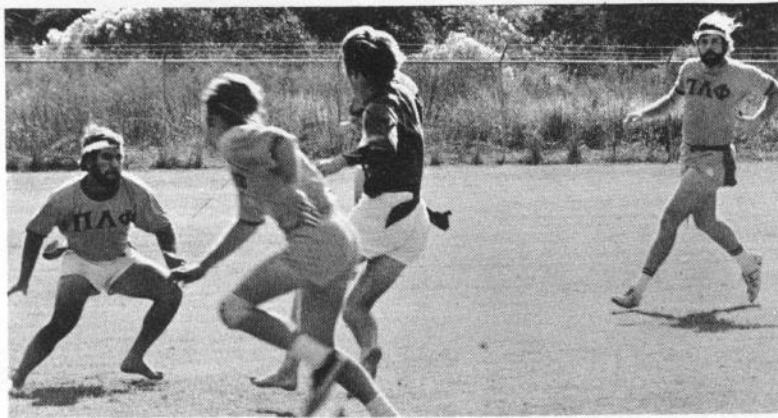

*Brothers form a wall of spirit to cheer the pledges as they leave their last chalk talk and head off to the big game.*

# SERVICE

## Come Together Day Bridges Today's Ga

It's hard to believe that a fraternity weekend service project gained national recognition, but Pi Lam managed to do just that.

"Come Together Day", a Pi Lambda Phi presentation under the direction of brothers Neal Lubow, David McGriff and Shelly Stevens, was cited by Gainesville Mayor Perry McGriff, Jr. as a major reason for that city receiving "All-American City" honors this year.

Over 3000 Gainesville citizens crowded into the ROTC field, March 31, 1970. Blacks, whites, rich, poor, conservatives and liberals sincerely tried to close the communications gap through "earthy" conversation while enjoying an old time barbeque and listening to several bands volunteering their time.

The day's speakers, including government, religious and ethnic notables stressed the theme of harmony and peace surpassing all classes and backgrounds.

The Lammies hit on this idea after several weeks of community service with the underprivileged kids at Kennedy Homes. Every Saturday morning many of the brothers would go out to the housing project to organize recreation for the children. Softball and jump rope soon developed into a broader based idea and "Come Together Day" was conceived.

With the coming of Fall 1970, the brotherhood succumbed to the holiday spirit. Besides collecting food and clothes for the underprivileged, Pi Lam teamed up with Delta Phi Epsilon sorority to throw a Christmas party for 50 children from Carver Homes. The Lammies provided their own "naturally plump" Santa Claus, (Glenn Tobin) who handed out a toy to each child. The toys were collected from Gainesville merchants.

Service chairman Leon Azis also scheduled a series of diversified after-dinner speakers including: Mayor McGriff, past Pi Lam Rex and UF Professor Herb Schwartz and representatives from the Campus Crusade For Christ.

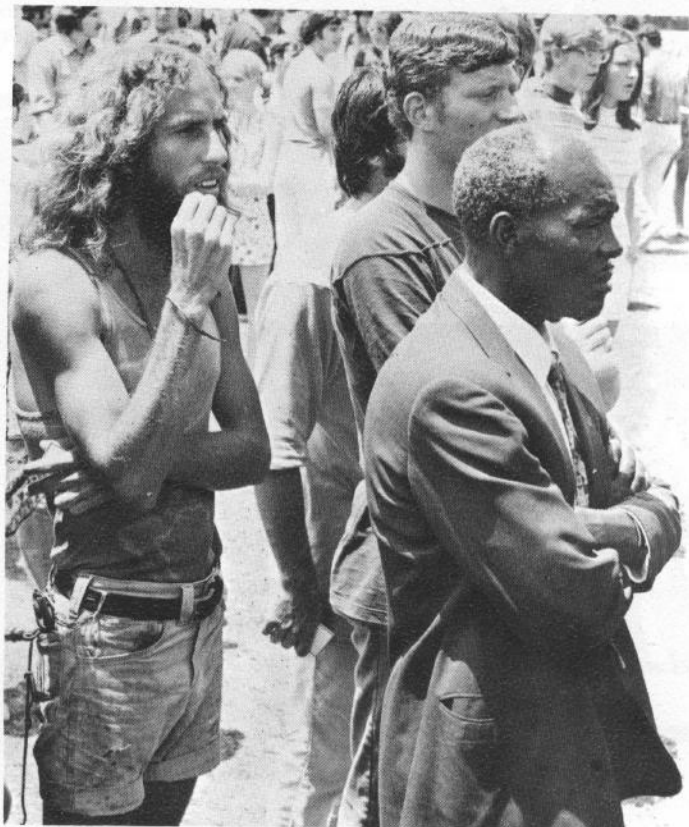

Individual brothers are presently working with groups to establish programs with Gainesville's jails, the Corner Drug Store and poverty groups.

Future plans involve more Saturday afternoons with the children from Carver Homes.

If there are progressive service projects which will open up the city's eyes and help her needy, Pi Lam will help. If no projects exist, we form our own.

Larry Lewis (far right) joins the populace during "Come Together Day", while "Power" plays on stage.

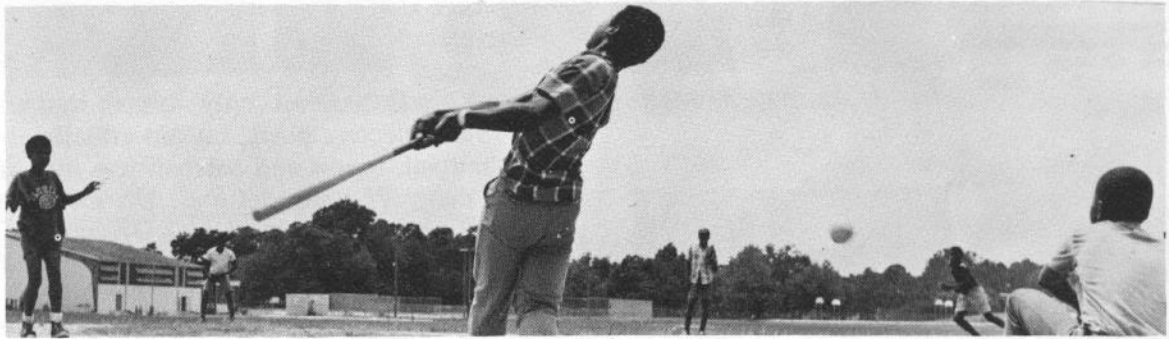

Whites, blacks and "Red" Goldberg came together to hear speeches from civic leaders.

## Outstanding Senior

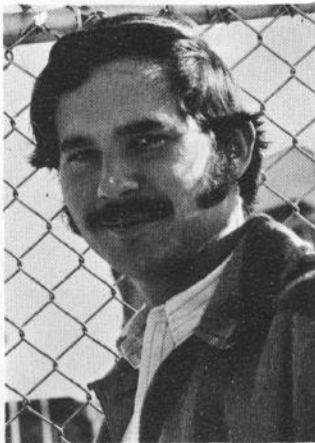

Two Pi Lams have earned, the annual "Outstanding Senior Brother" award for the first time in Florida Delta's history. The chapter's Rex, David McGriff and KOE, Russell Klepper are this year's recipients.

Displaying a remarkable list of accomplishments, David has also held the position of Homecoming and Alumni chairman, Marshall, Archon and our house's first Sophomore-at-Large.

Not limiting himself to just house activities, he has also been involved with "Come Together Day" and with Student Government in several capacities.

Russell has not only served the house in several elective posts, but his athletic ability in handball, tennis and softball was instrumental in many Pi Lam victories. His elected offices include Scribe as well as KOE and he is past editor of the PEARL.

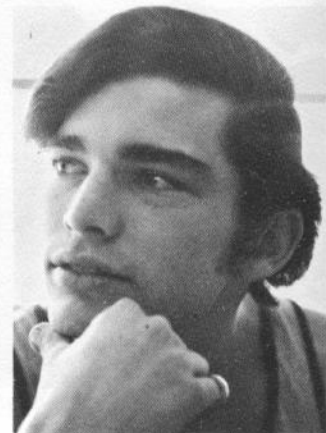

As for a shared "Outstanding Senior Brother" award, no finer examples of Pi Lam work, achievements and unselfishness could have been displayed by two better men—and we graciously thank both of them.

*David Tillis*

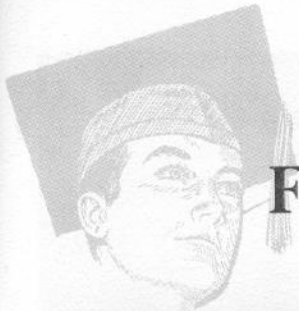

## 'Best Freshman' Award Earned by Two for 1970-71

Mike Dorn and Dave Tillis seem to typify the diversity and loyal fraternalism that has made Pi Lam what it is today. What could be more natural than "Little D" sleeping in a chair downstairs, or Dave mowing the lawn? Possible seeing Mike as head waiter or Dave leading a cheer. Both of these new brothers show much promise and enthusiasm and deserve the "Best Freshman" award for 1970.

# Outstanding Senior Athlete:

*Tony*

*Dobies*

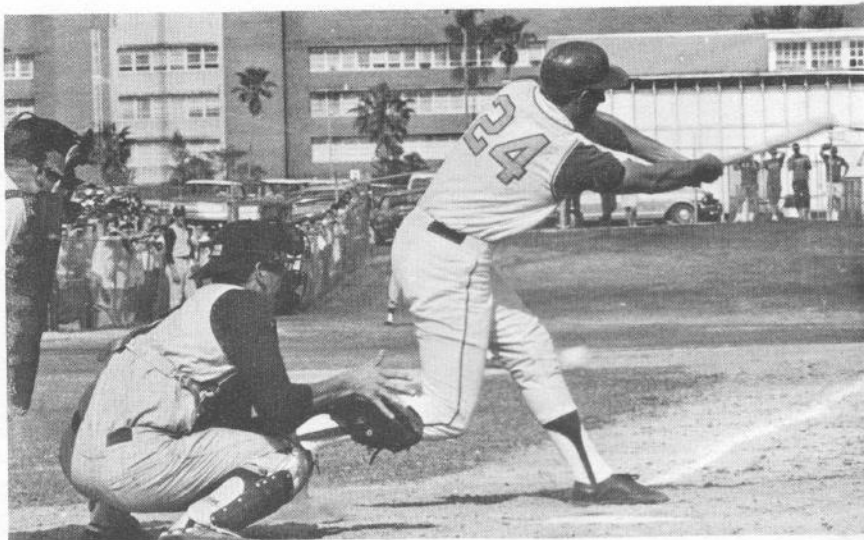

There exists an institution within the Pi Lambda Phi house. It has been here for four years, and during that time has supplied the fraternity and the university with leadership and unequivocal athletic talent.

That institution is Tony Dobies.

Tony was a starter for the Gator baseball squad in his freshman year. As a junior he lead the Southeast Conference in hits and was named to the All-SEC team. This year Tony is co-captain for Florida and leads all starters with the highest average and homeruns (as of this writing).

For Pi Lam he was just as valuable. He was named all-campus in football for three years while playing end and safety for the Lammies. He also led the volleyball and basketball teams to outstanding seasons against our traditionally tough fraternity rivals.

While Pi Lam always field stop athletes, it's obvious that our naming Tony Dobies "Outstanding Senior Athlete" was an easy choice.

*All-SEC Tony Dobies aims at third floor Yon Hall and swings away.*

*As an end and safety for the Lammies, "The Dobs" made All-Campus Football for three straight years.*

## Campus Leadership Pro

Rather than an isolated bunch of fun-loving young men with no directions, the Brothers of Pi Lambda Phi have consistently been active in the affairs of campus leadership. The brothers cited below offer clear evidence of Pi Lam's prominence as one of the most politically active houses on campus.

The Pi Lams are especially proud of Brother Bob Mandell, who during his stay at the University of Florida has served as Honor Court Clerk, Secretary of Health and Insurance, on the Presidential Action Conference, on the Student Conduct Committee, and founded the Student Defender Program. This past year, Bob was the candidate for Real Party in an unsuccessful bid for the presidency. He is also a member of Florida Blue Key, the UF Hall of Fame, and in Who's Who in American Colleges and Universities.

One of the highest honors that any man on campus can receive is election into the Florida Blue Kay. Four Pi Lams now have membership in that coveted organization: Bob Mandell, Brad Raffle, Jon Wershow, and Jeff Fenster. Raffle has served as President of the Environmental Action Group, as Administrative Assistant to the Student Body President, and is a member of Omicron Delta Kappa, another men's leadership honorary, as well as being in the UF Hall of Fame and in Who's Who in American Colleges and Universities. Brother Wershow was the youngest member of the house ever to gain admittance to Florida Blue Key for his work as Executive Producer for the "Second 100" T.V. series. Jeff Fenster counts as one of his accomplishments being a member of the Executive Staff for homecoming, and also worked on Accent, the speakers symposium.

Other brothers seem destined to receive their own Blue Key before they leave the university. Shelly Stevens is a member of the Student Senate, Undersecretary of Legislative Affairs, and now serves as President of the United Students for Action, a student lobbyist group. David McGriff is the Secretary of Community Affairs, where he led a student voter registration drive and pushed for Alachua County Jail reforms, and also served as Undersecretary of Academic Affairs. Bruce Levine has used his talents working with IFC productions, and has served as vice-chairman and chairman of Student Government Productions.

## provided By Men of Pi Lam

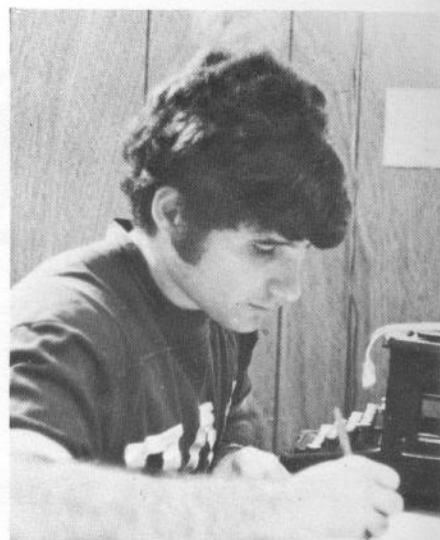

But the list of Pi Lams involved in student government is just beginning. Cliff Schulman is the present chairman of the Florida Blue Key Speakers Bureau, of which Jay Gartman is an active member. Alan Kan and Joe Baron has both served as directors of the Accent Symposium. Steve Rokeach is a member of the Student Senate, and was the Honor Guests Chairman for Homecoming '70.

Pi Lams will diversify into all areas of campus activities, each brother participating in the area of his talents and interests. Brother Barry Sedlik serves as President of Zero Population Growth, a group concerned with reducing the birth rate as an ecological measure. Harry Rose is the director of Pulse, the campus survey organization. Russell Klepper serves as Vice-Chairman of the Board of Directors of the Fraternity Purchasing Association. Arnie Raymon is the Social Chairman of the Interfraternity Council. Charles Stampelos was the campaign manager for the Honor Court Chancellor candidate in the recent campus elections, and serves as the Honor Court Clerk.

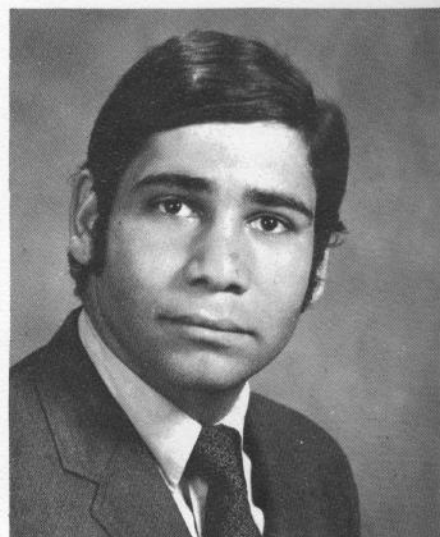

Brother Ira Gordon is on the broadcasting team of WRUF, the university radio station, and has also worked with the United Jewish Appeal and the Accent Symposium. Leon Azis helps keep the campus informed as a member of the Alligator Staff, and Marshall Platt is a member of the Florida Debating Team. Andy Leefar helps with drug rehabilitation at the Corner Drug Store. Helping to keep our country safe are advanced ROTC members Steve Klausner, Cliff Schulman, and John Hopkins.

Student Government Productions would probably fold without Pi Lams, as Barry Silber is the director of finances, Steve Klausner is in charge of advertising, and Randy Fried handling the tickets. All-SEC Tony Dobies is on the President's Committee on Intramural Athletics, and has served as Honor Court Baliff. Present members of the UF Rugby Team include Brothers Ed Sager, Warren Stein, and Bob Hoffman.

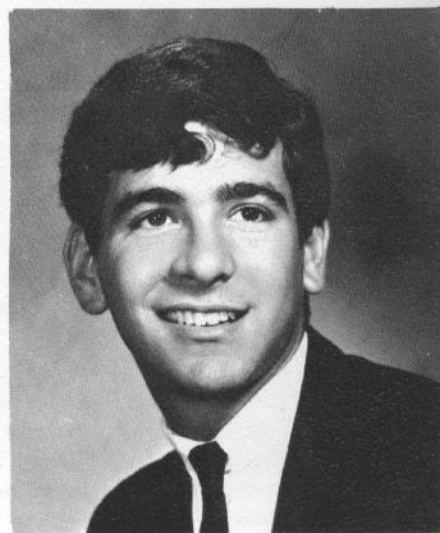

It can be easily seen that Pi Lams don't sit back and wait for the work to be done. They are the leaders, at the head of almost every campus organization. The men of Pi Lambda Phi have shown the capability and responsibility which makes them so highly respected around campus. When there is a job to be done, look for a Pi Lam to be leading it!

## Fraternity Songs

### THE PURPLE AND THE GOLD

*(To the Tune of "Coast Guard Marching Song")*

Hail to the Purple and the Gold;  
Long may her colors wave.  
The emblem of Pi Lambda Phi —  
A symbol of her brave  
Mighty in loyalty are we;  
No other love so true.  
We stand with might —  
For all that's right.  
Hail Pi Lambda Phi  
Hail Pi Lambda Phi  
Hail Pi Lambda Phi to you.

—Words by Warren P. Greene

### JOLLY LADDIES

*(To the Tune of "There's a Tavern in the Town")*

We are Jolly Laddies, Jolly Laddies we,  
And firm united is our com-a-ra-de-rie,  
So we'll all join in, to make the wel-kin ring,  
While to Pi Lambda Phi we sing.

So let's join in jolly chorus,  
While our Youth is still before us,  
Let us ev-er joy-ous be,  
Pi Lamb-da Phi inscribed in ev'ry loy-al heart,  
Fra-ter-nal friendship till in death we all do part.  
So we'll all join to make the welkin ring,  
While to Pi Lambda Phi we sing.

### BROTHER MINE FOREVER

# PARENTS' WEEKEND

Over 100 parents were treated to a weekend of fraternity living during Parent's Weekend January 29-31. Parents from as far away as New York and New Jersey took the opportunity to see what our fraternity looks like and how it runs.

Highlighting events was the Saturday night banquet in the Arredondo Room at the J. Wayne Reitz Student Union. The guest speaker was Gainesville Mayor Perry McGriff and the Jan Reese Trio entertained those "hoofers" present.

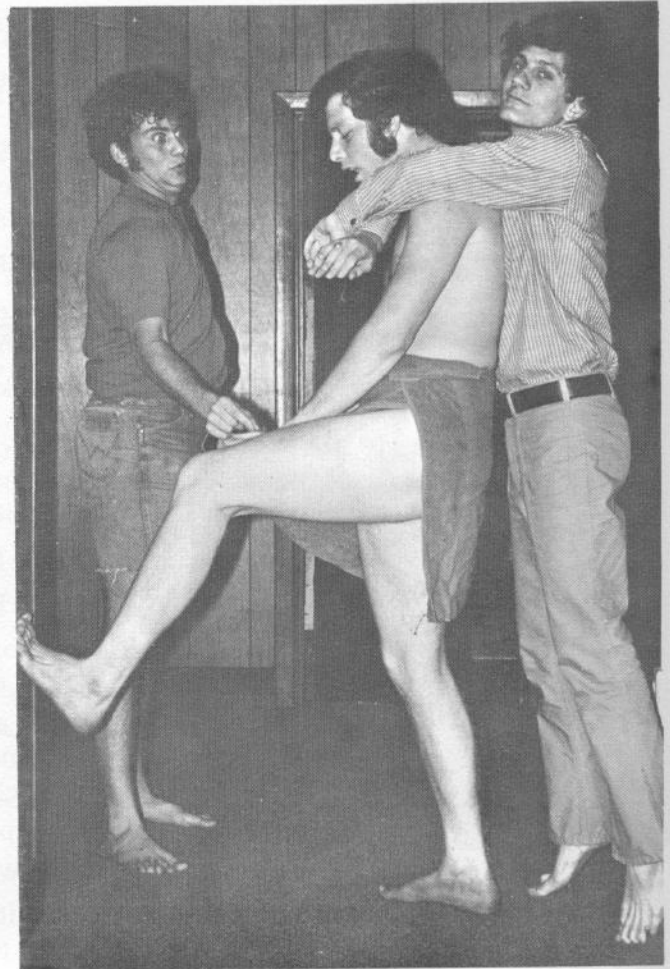

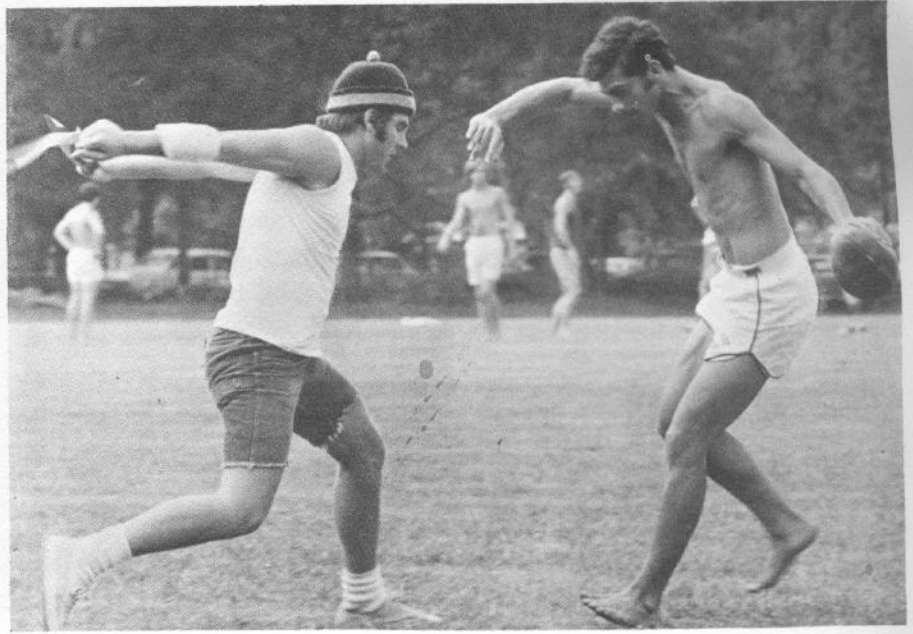

Other events included a buffet dinner and wine & cheeze social Friday night, brunch and recreation at the Union's bowling alley Saturday and a lox and bagel brunch on Sunday.

In a special meeting, parents were informed about the house's financial stability and acquainted with fraternity life and its affect on their sons.

The weekend, planned by Sandy Kaufman and Marc Grey, served to acquaint our parents with the House, the brothers and other parents. They surely all left on Sunday with a better understanding.

## Support Our Advertisers!

*To our friends, supporters, patrons, and readers:*

*Without advertising, few organizations can survive. And without those friends and businesses whose funds support the 1971 Pearl, Pi Lam would be no different. Merchants and Pi Lam boosters from Miami to New York to New Jersey are included in this, the largest volume of advertising in the Pearl's illustrious 16-year history. The Pearl is the oldest, largest, and most prestigious fraternity publication on the University of Florida campus. We consider the aforementioned merchants both worthy and deserving of your patronage.*

*Remember, they support the Pearl and we support them — We leave the rest to you.*

# Parting Shots

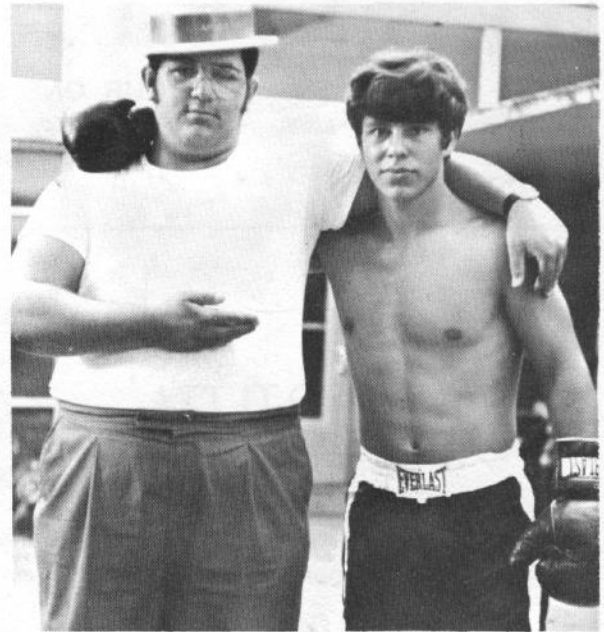

*Well Steve, here I am having dinner with my date at the frat house. All eyes are on her, and I'm proud to be with her. Even though she has the brains of a toad, she is extremely attractive.*

*Ya know Bloomer, I hate to say you're wrong, but I couldn't help noticing that your date is without question the ugliest girl I have ever seen in my life.*

*Hey Stein, see ya later, huh?*

*Listen, my boy here is phenomenal. Since his last bout, he's aced three girls and balled two tests.*

*Pi Lam's skit makes it to Gator Grawl and Florida Senate investigative committee. Fraternity play was a climax in "porngraphy" says a state representative.*

# *An Open Letter To The Rushee*

*Charles Stampelos*

Dear Rushee,

Welcome to the University of Florida, and welcome to Pi Lambda Phi Fraternity.

You are now embarking on one of life's greatest rewards and challenges — a college education. This means many hours of studying, frustration and unanswered questions. It also could mean many hours of laughter, enlightenment and togetherness with those that hold common bonds with yourself, however.

As with the pouring of a foundation, it is these first few days of college life that could establish the true nature of your course. For this reason, every Pi Lambda Phi brother is at your service to help you acclimate yourself to college life, fraternity life in particular.

Friendship and brotherhood are similar words which eclipse the bonds of fraternalism. Among the brothers of Pi Lam we are a fraternity of men — of scholars and athletes alike.

Our form of fraternalism is represented in the preceding pages. I hope that you will read these pages carefully and talk to the brothers. Then, as the hundreds before you, we extend an invitation to see firsthand what the Pi Lam fraternity life can offer you.

Sincerely,

Charles Stampelos  
Fall '70 Pledgemaster
